STORM TAKES VICTIMS IN SOUTH CHILE

Five Adults and Three Children Killed at Vichuquen Where Police Headquarters Are Razed

STEAMER REPORTED TO HAVE FOUNDERED

Renewal of Gale Threatens Further Loss of Life—Boats Sink in Valparaiso Harbor

SANTIAGO, Chile, June 14.—Southern Chile was ravaged by a storm which took at least eight lives and left a fear of more casualties.

Reports are meagre, since the southern part of the country is isolated and the only news is coming from emergency wireless sets, but it is known five adults and three children were killed at Vichuquen, where twenty houses and the police headquarters were razed.

Another report said the steamer Lagunas foundered with all hands at Puerto Constitucion, but details were lacking. Other points, including Valparaiso, Vina Del Mar, San Antonio and Santiago, experienced partial interruption of light and street car service.

In Valparaiso several boats sank, but no casualties were reported. The gale eased early yesterday, but broke loose with fury a little later, causing fears that much more damage would result.

Boat Capsizes And Three Men Are Drowned

CLEVELAND, O., June 14.—A pleasure cruise of three men and a girl in a small boat on Lake Erie, ended with tragedy today. All of the men were drowned when the craft capsized. The girl was rescued after she had spent three hours in the water clinging to a life preserver.

Aldermen Will Not Get Salary Increases Voted

TORONTO, June 14.—Mr. Justice Kelly, in a judgment handed down at Osgoode Hall today, restrained the Toronto City Council from increasing the salaries of aldermen this year. His Lordship's decision is the result of an application by Mr. Irving E. Robertson, editor of The Evening Telegram, acting in the capacity of ratepayer, for an injunction restraining the members of council from getting the increases they voted for themselves. In his judgment, Mr. Justice Kelly declared that in their action the council had not observed all the necessary provisions. Mr. Robertson is granted costs, payable by the city.

CARAVAN IS ON ITS WAY TO HAZELTON

Modern Adventurers Start Journey Into the "Great Unknown" of Province's Interior

DELIGHTFUL SURPRISE SPEEDILY MET WITH

Pictures of Rare Beauty Unfold as Cars Wend Their Way Through Varied Scenery

(Special to The Colonist)
HOPE, B.C., June 14.—Christopher Columbus, setting out on his madcap adventure to find a New World, or Sir Francis Drake, sailing northward along the unknown coast of Western America in search of a waterway to the Atlantic, probably felt as did some members of the international caravan that drove forth from Vancouver this morning headed for Hazelton, in the Land of the Golden Twilight. These present-day adventurers faced what to them was a journey into the Great Unknown—for some of the members of the party from across the border held a vague idea that the end of the road terminated with the Pacific Highway at Vancouver. Now, after one long, glorious day of delights and surprises, they are candidly prepared to abandon their preconceived notions of British Columbia, and look forward with expectation to the long Sunday journey through the rugged grandeur of the Fraser Canyon, over the winding road that indents the cliffs between Spences Bridge and Ashcroft, and up the broad highway from Ashcroft to Hazelton, and on through the multicolored Portals of Paradise to Hazelton.

Not all, of course, of the two dozen Americans who are taking part in the journey held such vague notions of the western part of British Columbia. Men like Hon. Ernest Walker Sawyer, executive assistant to the Secretary of the Interior in President Hoover's Cabinet, and Major Malcolm Elliott, president of the Canadian Automobile Association, are well known to the party.

With the probability that the leader may give a short address in Nanaimo at noon on Monday, following his arrival there from the Mainland, and an address at Parksville early in the afternoon, Mr. Bennett will, on Monday evening, make his first main appeal for the votes of the electorate of British Columbia in the capital city of the province.

While most of the time will be given to the leader to enunciate his policy, opportunity will be afforded Mr. Bennett to review briefly his record in the House of Commons. Mr. Dickie will speak very briefly.

ORDINANCE VIOLATORS THREATENED

Further Work Is Being Done On Highways

Information is given out by the Department of Public Works of the province that the spraying of the Canadian Highway from Parksville westward will commence on Monday, and also that it will be carried out on the Hillers-Qualicum Road. This work is being done with all the expedition possible, so as not to interfere with tourist travel.

The Malahat, it is reported, has been put in good shape, and it is the intention to discontinue the work there as far as the surfacing is concerned until after the close of the tourist travel.

Guard rails are being placed in dangerous places, and this will be continued all along the Island Highway where there is need of it.

FORECAST RISING IN MADRID WHEN KING IS ABSENT

LONDON, June 14.—The Observer today publishes a story from its special correspondent in Madrid which states that trouble may occur after King Alfonso XIII. for London next week.

The article says the King will leave behind many anxious subjects who fear that a revolution is impending. It adds that those most actively interested in abolishing the monarchical system prefer to bring this about without bloodshed and, above all, without danger to the King's person, and will have a good opportunity while the throne is temporarily unoccupied.

HON. R. B. BENNETT, K.C., who will speak at Parksville, Nanaimo and Victoria tomorrow in the course of the Conservative Federal campaign. This may be the only visit of the Conservative leader to the Vancouver Island constituencies at this election.

Three Meetings for Opposition Leader Arranged Tomorrow

ARRANGEMENTS are now complete for the opening of the Conservative campaign in the Federal contest in this city, when Hon. R. B. Bennett, the leader of the party will address a mass meeting in the Royal Victoria Theatre tomorrow evening. Mr. D. B. Plunkett, who has represented the city in the House of Commons, and Mr. C. H. Dickie, who sat for Nanaimo constituency, will be the other speakers at this gathering.

The meeting will be presided over by the president of the local Conservative Association, Mr. R. A. Wootton.

Miss Bennett is accompanying her brother on this trip and the hope is expressed by the members of the Women's Conservative Association and other women workers in the party cause, that she may be induced to address the meeting briefly.

Mr. Plunkett is to review briefly his record in the House of Commons. Mr. Dickie will speak very briefly.

WATER APPLICATIONS

Powell River Company's Request for Lolo River Is Approved—Protection for Indians

The undertaking of the Powell River Company with respect to the Lolo River work has been approved by the controller of water rights, Major J. C. McDonald. When the application was made, objection was renewed by the Empire Water Syndicate, but it was disposed of by the announcement that the situation, as far as that company was concerned, had been gone into at previous sittings, and it had been shown that it had no standing.

An application from the Department of Indian Affairs, made through the chief commissioner, for the province, Mr. W. E. Ditchburn, was also made. This was a request for the maintaining of the stream at the full natural flow, so that certain families of Indians who used it as a fishing ground would not be interfered with.

This was held to be almost an impossibility.

NEW FLYING MARK CLAIMED

BUDAPEST, Hungary, June 14.—Arpad Lampich, an engineer, established what is believed to be a record nonstop flight for small airplanes today when he covered 1,000 kilometers in a midge plane weighing 200 kilograms, flying a circuit between Budapest and Maron.

FASTEST TIME MADE BETWEEN NELSON AND COAST

NELSON, June 14.—Setting a new record for travel between the British Columbia coast and Nelson, Captain E. C. W. Dobbin and Mr. Cecil Coates arrived in the Dominion Airways Limited, Moth seaplane this morning at 11 o'clock. They left Vancouver at 7:05 with a heavy load and made the crossing of the mountains in three hours and fifty-five minutes.

The trip was the first nonstop flight made between Vancouver and Nelson. The pilots were favored with a strong west wind, and the speed over the Coast and Selkirk ranges at 12,000 feet. The Moth will remain all summer at Nelson for forestry patrol work.

New Portfolio of Fisheries Filled by Prof. MacMillan

OTTAWA, June 14.—Professor Cyrus MacMillan, of McGill University, was appointed to the new portfolio of Minister of Fisheries, and Mr. Fred W. Kay, former Liberal member for Bromfield-Missisquoi, was made a minister without portfolio, at a cabinet council here today. No action was taken in regard to the new minister from British Columbia.

MR. SHELLY SELLS BONDS AT HIGH RATE

Treasury Bills of Province to Amount of \$4,000,000 Are Placed on a Basis of Less Than 4.25

SALE MAKES RECORD FOR SEVERAL DECADES

Obtaining an extremely favorable price which, it is announced, has not been exceeded in the sale of provincial bonds for several decades past, Hon. W. C. Shelly, Minister of Finance, has sold \$4,000,000—nine months' treasury bills on a basis of a little less than 4.25. The issue is for Victoria delivery and payment.

The sale of these notes is made to a syndicate composed of A. E. Ames & Company, Dominion Securities Corporation, Limited, Wood Gundy Limited, Canadian Bank of Commerce and Royal Bank of Canada.

The placing of this new issue is another strong indication of the eagerness with which British Columbia bonds are absorbed by the financial houses in Canada and in New York, and is very significant of the high position the credit of the province now holds in the opinion of eminent financiers.

Sir Henry Segrave's Boat Made Speed of 119.5 Miles an Hour

LONDON, June 14.—It was revealed tonight that Sir Henry Segrave attained a speed of 119.5 miles an hour before the crash of his speedboat Miss England II that cost him his life Friday.

The timing, considered unofficial, was made from the measured mile post at the end of the run to the point where the boat capsized.

FEW CHANGES BEFORE REGISTRARS

At 9 o'clock last evening the six registration officers in the city, who have been engaged in hearing applications for additions to the voters lists for the forthcoming Dominion elections, and also for the making of corrections and the striking off of names put on by the enumerators, completed their work. There were not many changes made in the number of names on the list, as prepared by the enumerators, it was announced by Mr. H. E. A. Courtney, returning officer for the riding.

Mr. Courtney said that as far as he could judge there would not be more than about 100 names added. There were few objections, only two to his knowledge, but he had not yet had time to check up on the matter.

The main part of the work which engaged the registrars sitting in the six stations was that of correcting mistakes in the names and in the occupation, and the residence.

The lists, as now completed, will go before Judge Lampman, who on June 23, 24 and 25 will sit as a court of revision and hear objections to any names on the list, and also applications by persons who desire to have their names admitted as duly qualified voters.

Dramatic Air Race Across Atlantic Is Likely

DUBLIN, June 14.—Reports from France today indicated a dramatic air race across the Atlantic to the United States.

Australian, has been unable to take off in the Southern Cross because of bad weather, but he daily means cables from Paris which tell of progress being made by Capt. Diodome Come in preparations for a transatlantic flight, and Captain Kingsford-Smith chafes at the delay which may let his French rival get away first.

Captain Kingsford-Smith has been ready to leave for more than a week, but weather reports have shown bad conditions somewhere over the wide Atlantic.

Twenty Passengers Injured When Cars Jump From Track

Crash Over Precipice When Brakes Fail to Act in Santa Inez Mountains. Near Santa Barbara, and Six Men and Three Women Are Seriously Hurt, One Probably Fatally

Some Miraculously Escape Unscratched From Ordeal

(Associated Press)
SANTA BARBARA, Calif., June 14.—Plunging wildly out of control down a short stretch of straightaway track, a three-car train bearing a load of workmen here from the Santa Inez Mountains, crashed over a seventy-five-foot cliff late today, injuring a score of passengers.

Six men and three women were hurt seriously, one probably fatally. The remainder of the injured received minor cuts and bruises and about twenty escaped without a scratch.

The accident occurred about fifteen miles from Santa Barbara as the train slipped cautiously down the switch-backs in the mountains. Mr. Hugh Case, who was piloting the train, which was powered with an automobile engine, said his brakes gave way as he was shifting from high to low gear after rounding a sharp turn.

Red Cross Lauded by Governor

NORTH VANCOUVER, June 14.—Congratulating the Red Cross Society for its efforts in the community and emphasizing the necessity of the organization functioning in peace as in war, Lieutenant-Governor R. Randolph Bruce officially opened the annual British Empire Fair at Victoria Park West in aid of the Red Cross Society this afternoon. He was accompanied by Miss Margaret Mackenzie.

His Honor recalled that four years ago he participated in the opening of the May Day Festival here, adding that the occasion was not only his first visit to North Vancouver, but his first appearance following his appointment to Government House.

"There are many veterans who are still suffering from the effects of the war," His Honor declared, "and it should be a privilege for all of us to do what we can for King and country. If we can but lessen their suffering the least degree, our efforts are not in vain."

REGISTRATION WORK ENDS FOR FEDERAL POLL

All Is Ready Now for Formal Approval by County Court Judge as Returning Officer

Substantial economic questions will be referred to an arbitral commission. Both governments announced that the fundamental difference in state forms is no obstacle to the development of friendly relations.

All of which, like the promise mutually to refrain from propaganda, means almost nothing since the Russian Government has made dozens of such promises which in no wise limit the propaganda activity of the Third Internationale.

Practically this mutual announcement has, however, an important meaning. As predicted, the German dislike of Poland and almost fanatical hatred of the Polish corridor, and the industrial hopes for a greater share of Russian orders, have prevailed over the open dislike of most Germans for the Soviet system. The result is that the Germans have dropped many of their complaints.

One cannot but feel strengthened in the impression that the full nature of the agreement between Germany and Russia have not been made public.

\$1,000,000 Damage by Tornadoes

ST. PAUL, Minn., June 14.—Six dead, about sixty reported seriously injured, 150 bruised or cut and property damage estimated at more than \$1,000,000, were the toll of a series of tornadoes which lashed Eastern Minnesota and Western Wisconsin late Friday.

Five of the dead were in Wisconsin near Menominee, where the tornado skirted the northern part of the city and ripped through the surrounding countryside. The other death was at Randolph, Minn., where forty families were made homeless and only about a dozen houses were left untouched by the twisting wind.

The Minnesota Executive Council, in special session, voted an appropriation of \$2,000 for use in cleaning up the debris at Randolph, where sixty National Guardsmen were on duty to protect property and aid in rehabilitation work. The council was told that Randolph was the only community in Minnesota needing aid.

dress a series of meetings there before leaving for the East to continue his Canada-wide speaking tour.

He will reach Vancouver from Edmonton on Sunday night and will cross to Nanaimo Monday morning. He will drive to Parksville for a meeting at 2 o'clock, and then start for Victoria, a drive of 100 miles.

After the meeting in the theatre that evening Mr. Bennett will cross to Vancouver by the night steamer.

VANCOUVER PLANS—Mr. Bennett will address a luncheon planning a big reception to his Dominion leader, Mr. Bennett, on the occasion of his visit to the city Tuesday.

Assured of a large attendance at the evening meeting, which Mr. Bennett will address, it has been decided to hold the gathering in

the Arena, instead of the Auditorium as originally planned.

The leader will address two meetings on Tuesday evening. At 7 o'clock he will address a meeting in the Lonsdale Theatre, North Vancouver, with a second address in the Arena in the downtown part of Vancouver, commencing at 8 o'clock.

Both of these speeches will be on the air. CKWX radio station, Vancouver, will be utilized for these speeches. The first address will be heard between 7 and 8 and the latter one from 8:30 on.

Mr. Bennett will address a luncheon meeting at Hotel Vancouver on Tuesday noon under the auspices of the Women's Conservative Association. Attendance will not be restricted to women, however, and already many tickets have been sold to men. Accommodation is being arranged for 600 at the luncheon.

RITA VAUGHAN TELLS STORY OF THEFT PLOT

Money Given Her to Deposit in Bank Was Handed to Kershaw. She Testifies in City Police Court.

KERSHAW SENT TO CRIMINAL COURT

Rita Vaughan, in giving evidence yesterday in the city police court at the trial of John Kershaw, related that she had been employed as a stenographer at \$50 per month, and that out of this she had for years given Kershaw \$30 or more each month. Finally, he had, she said, persuaded her to hand over to him \$770 in cash and \$877.49 in cheques, with which she had been sent, by the cashier in her office, to the bank, at noon on May 9. After she had given him the money she had gone on her way to the bank, and he had gone off in another direction. Since then she had heard nothing from him.

Other witnesses told of Kershaw's preparations on the afternoon of the same day, and of his taking passage under an assumed name on the airplane to Vancouver on the following day.

A rather long and intensive cross-examination by Mr. Stuart Henderson, counsel for Kershaw, failed to vary Miss Vaughan's evidence. Incidentally it disclosed that since she was released on suspended sentence, she has been staying with friends in the city and has not been detained by the police. Mr. Henderson then formally applied for an adjournment until Wednesday, and City Prosecutor G. L. Harrison formally objected to such an adjournment. The court declined to grant the adjournment. No evidence was offered by the defence and Magistrate George Jay then committed Kershaw for trial.

PRELIMINARY WITNESSES—Mr. F. H. Blashfield, manager of the C.N.R. Telegraphs, Victoria, was the first witness called. By order of the court, he produced certain telegrams sent by Kershaw to Kershaw, and carbon copies of telegrams received from him by her. They included mention of \$30 sent by her to him in Seattle last March. Miss K. M. Moore, cashier at St. Joseph's Hospital, said that, in accordance with the usual practice, she had on May 9 delivered to Miss Vaughan, employed in the admission office, an envelope containing the bank book and deposit slip, together with \$770 in cash and \$877.49 in cheques, which Miss Vaughan was to take to the bank. This was about 11:30 in the morning.

KERSHAW TO FLY—Mr. S. T. Schell testified that on May 10 he was traffic manager for the Alaska-Washington Airways. On that day he saw Kershaw, who said he had come to the landing boat to go to Vancouver and take a plane. Kershaw had told him that he (Kershaw) had a position with the Dominion Government which was more or less secret, and that he was going over to Vancouver under an assumed name because the Government did not want its employees to take any unnecessary risks. Kershaw said he was going under the name of "R. Collins." The plane had left about fifteen minutes after. Witness did not see Kershaw after the plane had left.

NEXT MORNING—Mr. R. N. Penman, taxi driver, told of getting a telephone message to meet Kershaw at the corner of Tointine Avenue and Douglas Street at 2:10 p.m. on May 10. He had driven there, taken on Kershaw as passenger, driven the latter to the Hudson's Bay Company store, to Maynard's and to Price & Smith. At Kershaw's request witness had taken a hand bag belonging to Kershaw and checked it at Buller's stand at the C.P.R. wharf.

AT 9:10, May 10, witness had again been called by telephone to pick up Kershaw, this time at Terry's corner. Kershaw had asked witness to get him a ticket at the Alaska-Washington Airways. "R. Collins." Witness had done this and returning to the corner of Fort and Douglas streets had picked up Kershaw. Bags checked at Buller's had been secured and they had driven to the Alaska-Washington landing boat.

Prior to all this, on May 6, Kershaw had telephoned to witness and said that he might need him on May 9 or May 10.

Mr. J. M. Smith, of Price & Smith, on being shown an overcoat put in evidence, said that it was similar to one sold to Kershaw on the date mentioned.

Mr. W. M. Fisher told of inquiries Kershaw had made of him as to the price of a ticket by air to Vancouver. On May 10 Mr. Penman had bought a ticket for "R. Collins" from witness.

Mr. Russell Sneddon said that on May 9 he had seen the accused going east on Belleville Street shortly after noon. Witness and his wife lived in the Albion Apartments, and when he came home at 5 o'clock, he saw Miss Vaughan speak to his wife. Miss Vaughan had a room in the same apartments.

Mr. H. W. Gough, clerk at Maynard's store, testified to having seen Kershaw there on May 9 or May 10 at about 2:30 p.m. The latter had left a pair of old shoes in the store.

OFTEN TOGETHER—Mr. T. F. Monaghan, United States immigration inspector, said he knew Kershaw, and knew Miss Vaughan by sight. He had seen them together four or five times near an oil station at the corner of Burdett Avenue and Douglas Street.

Mrs. H. Eastman said that she resided in the Albion Apartments, where Miss Vaughan had a room. She had often seen Kershaw in the hall when he was coming to see Miss Vaughan.

Mrs. G. Brinkman, 2330 Irma Street, testified that she had frequently seen Kershaw and Miss Vaughan at the Albion Apartments. The last time was about May 7.

Detective William Stark identified a raincoat and overcoat as being one given him by a taxi driver who had received it from Kershaw, and the other, as to which previous evidence had been given, as being in Kershaw's possession when the latter came to the police station on May 28.

RITA VAUGHAN'S CONFESSION—Rita Vaughan, being called to the witness box, said that on May 9 she was a stenographer at St. Joseph's Hospital. Part of her duties was to take deposits to the bank. She had done so for about three years. On May 9 the money had been given to her by Miss Moore to deposit. It was in an envelope which was open, as customary, together with the bank book and deposit slip. She received the money about 11:30 o'clock in the morning. She had been occupied with other duties till noon and had then left the hospital. At the corner of Humboldt and Blanshard Streets she had met Kershaw, outside a Chinese tailor shop.

Mr. Harrison—Why did you go by that route on that day?

Witness—Because I was told to. Mr. Harrison—Who told you to?

Witness—Mr. Kershaw.

Mr. Harrison—Where?

Witness—The day before.

Mr. Harrison—What was the conversation that you had with the witness the day before with regard to that?

Witness—That I was to meet him there. That I was to say I was held up, as I entered the bank, by a man in a blue serge suit and cap and not very tall.

Mr. Harrison—Who gave you that description?

Witness—Mr. Kershaw. I was to say he left the night before on the boat, and that the last time I saw him was about two weeks before.

Mr. Harrison—What else did he say?

Witness—That I was to say that the only time he came to my apartments was on business to help him write some letters. That I was to write to him in five weeks to Los Angeles to the name of John Smalley.

Mr. Harrison—Where was this conversation?

Witness—In my apartment on Thursday, the day before.

Mr. Harrison—On Friday, when you met, what did the accused do?

Witness—He said, "How much is it?"

Mr. Harrison—What followed?

Witness—I said, "About \$700." He said, "Give it to me." I handed it to him.

KERSHAW DEPARTS—Witness went on to say that she had then gone on business errands for the hospital and to the Colonist and to the office of Mr. O'Halloran. Then she had gone to the bank and had handed the money to the cashier. She had then returned to the hospital and had asked her to describe the man who had come to her. She had then told her that he was married, that he had a wife and child, and that he was going to take a divorce. She had then told her that he was going to take a divorce, making one excuse after another why it was not brought to trial.

PAID KERSHAW SAVINGS—Mr. Harrison—What salary were you getting?

Witness—\$80 a month.

Mr. Harrison—What did you do with it?

Witness—I figured I could save \$30 a month for myself.

Mr. Harrison—Have you saved any for myself for three years. I gave it to him.

Mr. Harrison—Have you saved any for myself for three years. I gave it to him.

Replying to further questions, witness said that she had first met Kershaw in July, 1925. He had been introduced to her by Mr. and Mrs. Winters. He was driving a taxi at that time. After that he had come up to call on her several times. He had told her that he was married, but that his wife was no wife to him, and that as soon as he could he was going to apply for a divorce. She had told her that he was married, making one excuse after another why it was not brought to trial.

PAID KERSHAW SAVINGS—Mr. Harrison—What salary were you getting?

Witness—\$80 a month.

Mr. Harrison—What did you do with it?

Witness—I figured I could save \$30 a month for myself.

Mr. Harrison—Have you saved any for myself for three years. I gave it to him.

burn them, or perhaps do it at home. Witness said she was told to meet him with the money in a vacant lot with trees at the corner of Douglas and another street where there was a service station. They had met there three or four times but on those occasions she had said that she did not have the money.

Mr. Henderson said that he had not known what the witness was going to say and that he wished an adjournment to consult with his client. Court was adjourned for half an hour, at the end of which Mr. Henderson began cross-examination of the witness.

CROSS EXAMINATION—Asked how she knew that Miss Moore had handed her the money at 11:30, witness said that Miss Moore always left at that hour and gave her the money before she left. She had not counted the money, she had taken out the deposit slip and looked at it to see. She was to meet Kershaw at 11:30. From 11:30 to noon she had been at the switchboard. She did not hear 12 o'clock strike after she left. She had met Kershaw outside a Chinese tailor shop next to a store.

Mr. Henderson—How long were you with Kershaw on that day?

Witness—Just time enough for him to get the money and leave.

Mr. Henderson—How long?

Witness—He asked, "How much is there?" I told him. He said, "Give it to me." I gave it. Then he left.

Mr. Henderson—Did you not go inside the shop?

Witness—No.

Mr. Henderson—How long after 12 o'clock would this be?

Witness—I noticed it was about five minutes. I noticed it was twenty minutes after twelve o'clock when I got to the bank. I did not go straight to the bank. I had to go to The Colonist to take notices, and to Mr. O'Halloran's office in the Central Building.

FOR FIVE YEARS—Mr. Henderson—How long have you known Kershaw intimately?

Witness—For five years.

Mr. Henderson—How old are you?

Witness—Twenty-five.

Mr. Henderson—How long after you met him did you know he was married?

Witness—After we had been out a few times.

Mr. Henderson—Then you were not deceived by him as to his being married?

Witness—He said he was married, but his wife was no wife to him. About two years ago he told me he had a legal separation and they were not living together.

Mr. Henderson—You wanted him to divorce his wife and marry you?

Witness—It was he who proposed it.

Mr. Henderson—But you wanted it?

Witness—Yes, naturally.

Mr. Henderson—Why naturally?

Witness—Because I cared for him. Mr. Henderson—Did you ever live with him practically the same as husband and wife?

Witness—Yes.

Mr. Henderson—And he was going home to his wife and family?

Witness—He said he was separated.

Mr. Henderson—Did you make any inquiries?

Witness—I took his word.

Mr. Henderson—You trusted him?

Witness—Yes. All the time. He told me his mother was looking after him and the child.

Mr. Henderson—Did you know he was living with his wife at that time?

Witness—I did not.

Mr. Henderson—How long have you been taking these deposits to the bank?

Witness—About three years.

VICTORIA BAR ASSEMBLES TO HONOR JUDGE

Presentation Made to Judge Lampman on 25th Anniversary of Appointment to Bench

SILVER ROSE BOWL IS TOKEN GIVEN

Members of the Victoria Bar Association crowded the County Courtroom yesterday morning to do honor to Judge Lampman on the twenty-fifth anniversary of his appointment to the bench. Speeches were made in expression of the esteem in which Judge Lampman was held, and he was presented with a sterling silver rose bowl.

As has been customary for many years, when court is sitting, Judge Lampman was called to the bench by Mr. David Reid, clerk of the County Court, but instead of the usual counsel awaiting him, he found the members of the city bar assembled. Mr. Arthur Grease, on his behalf, spoke briefly of the happy occasion on which they were met, and called on Mr. Stuart Yates, the oldest practicing member of the Victoria bar, to make the presentation.

"We present this as a token of friendship evoked by the genial courtesy shown to the members of the bar during your twenty-five years on the bench," Mr. Yates said. "We hope that for many years you will continue as judge and with the same efficiency."

Mr. Yates spoke of the judge's earlier days in Victoria and the sound physical constitution he built up then which has enabled him to bear up and in the years following endure the arguments presented to him by those before the bar.

JUDGE REPLES

"My work here for twenty-five years has been very pleasant, and it would not have been so if it had not been for the co-operation of the members of the bar," Judge Lampman said. "I am able to say that I have never had an episode in which I have been on one side and a member of the bar on the other."

The judge recalled his early days in Victoria, when he first worked in the law office of Yates & Jay, for both of whom he had a lasting affection.

"It is impossible for a judge to satisfy both sides," the judge went on. "His duty is to be right. But it is satisfactory for me to feel that all these years you are satisfied with my work and conduct."

THE COURTHOUSE

He said that for twenty-five years as judge and for ten years before that as secretary of the Law Society, he had his office in the present old courthouse. "It annoys me when the grand jury says nasty things about this old building in which I have lived so happily and so long," he added. "I will never like the new courthouse—if we ever do get one—as well as I do the old."

CARAVAN IS ON ITS WAY TO HAZELTON

Continued from Page 1
The Alaskan Highway Commission, are familiar with British Columbia's highways and byways, but a number of the caravanners were frankly ignorant of the province. Today they learned a great deal about the lower Fraser Valley, and a vast amount of the romance of the old Cariboo Road over which they will travel for the next three or four days.

MAYOR'S SEND-OFF
Leaving Vancouver, bearing with them the good wishes of Mayor W. H. Malkin and his council, the party made its way through New Westminster, across the Fraser, and by way of the old Yale road, now being strengthened and greatly improved under the direction of Hon. N. S. Loughheed, Minister of Public Works, to Chilliwack. The Sumas area proved to be a surprise to the visitors, and this surprise was deepened as they passed through the great hop fields stretching for hundreds of acres away from the main highway. Particularly were they interested and impressed when told that Sumas lands were now raising tobacco of high quality and that hundreds upon hundreds of acres of additional lands would shortly be seeded with the fragrant weed.

At Chilliwack they were met with a welcome that not only surprised but delighted them. Mayor C. A. Barber, members of his council and officials of the board of trade greeted them and entertained them most royally. After luncheon the caravan was piloted through the city and surrounding district. The splendid farms and fine dairy herds of the district made an impression, not only upon the visitors from the South, but upon several members of the British Columbia contingent as well who had not previously had the opportunity of acquiring such intimate knowledge of the district.

Many of the citizens of Chilliwack escorted the caravanners as far as Hope. The drive is one of rare beauty. Mount Cheam's lofty, snow-capped summit and opalescent slopes seen through the Summer green foliage bordering the highway, or over the verdant fields of well-developed homesteads, made a picture that caused many exclamations of delight.

This glorious scene was but the forerunner of other views that compelled attention. But it was at

Hope that the travelers were awed into whispered ejaculations as they beheld the crucifix with which Nature in her mountain cathedral had adorned the summit of the Mount of the Holy Cross.

A RARE TREAT

Splendid accommodation awaited the travelers at the hotels of Hope. After the evening meal, the party was given a rare treat. It was provided by His Lordship Mr. Justice Murphy, who recounted the story of old Fort Hope in the days when it was a Hudson's Bay post, of the discovery of gold and the mad stampede to the bars of the muddy Fraser, and the heroic enterprise of old Sir James Douglas in building the road to Golden Cariboo.

Under the spell of his oratory the visitors could visualize again brave Ovid Allard and his half-dozen men establishing trade and civilization about the tiny stockaded post of Hope. They could conjure a pictured panorama of the foam-crested river peopled with hundreds of daring men in boats, canoes, scows and rafts, fighting against the currents in their endeavors to reach the gold-bearing bars closer to old Port Yale, fourteen miles higher up the Fraser. Again the whistling of words from His Lordship's lips rolled back the curtain of time and once more the old Cariboo Road was alive with its motley throng. On foot, on horseback, by plunging, rattling stage coach, slow-moving ox team and bullock wagon, and even the camel bridge, the phantom army of the brave pioneers, could be imagined hurrying hopefully onward over the road to the northward, where the golden goddess beckoned.

It is with a new vision, a new appreciation and a new sense of values that the caravan continues along the highway hallowed by the heroism of its builders.

ORDINANCE VIOLATORS THREATENED

Continued from Page 1

Various other troop detachments likewise were ready.

Governor Sir Frederick Sykes, after conferring with prominent Bombay citizens, approved the necessity of drastic action.

The conference followed open defiance of 25,000 Congress volunteers who earlier this week has assembled, shrieking their defiance of the police.

TROUBLE NEAR AGRA

Sholapur was quiet today. The police on Friday prevented 100 volunteers bearing the Nationalist flag from entering the city. Eighteen were sent to prison for nine months, and fined as leaders.

Rioting developed near Agra. A sheltered quiet city. Shops were looted and demonstrators seized a suburban village.

MR. H. D. TWIGG TO SPEAK FOR CONSERVATIVES

Mr. H. D. Twigg, M.P.P., will leave early in the week for the Mainland to take part in the Federal election campaign. He will join Hon. H. H. Stevens, and proceed with him on a speaking tour, which will embrace the latter part of this week. The time will be spent in the East Kootenay riding, where Mr. D. McLean is the Conservative candidate.

They will speak also in Merritt and Armstrong, following which three meetings will be held in East Kootenay at Kimberley, Cranbrook and Fernie.

The future movements of Mr. Twigg in the campaign have not yet been arranged.

Mr. Ladner to Speak Here at Nomination

Mr. Leon J. Ladner, K.C., expects to be in the city of Victoria for the nomination meeting of the Conservatives on Wednesday next. He is expected to speak at the gathering on the issues of the day which have to be decided by the electorate at the coming contest.

The convention for the purpose of nominating a candidate will be held in the Conservative rooms, Campbell Building, on Wednesday evening.

"Rockgas"

—A Kitchen and Living-Room Fuel—a Natural Gas brought down into liquid form and transported in tanks.
We Have Now 270 Users

"Rockgas" is used for cooking, lighting, heating and steel cutting and, according to the Natural Gas Magazine, THERE ARE 22,000 USES FOR THIS GAS.

Cold dreary bedrooms made comfortable at small expense. No chimney nor flues needed. It operates exactly in the same manner as artificial Gas, but has double the heat units.

It is non-asphyxiating, clean; does not tarnish utensils; burns without odor or noise. We claim to have established a record for the different types of users.

SAFE

—so safe that all of British Columbia's largest yachts have installed it for cooking or heating—about 40 in all. Many public and private schools are using it for kitchens and laboratories. The shipbuilding firms—Yarrows Limited, Victoria Machinery Depot, Wallace Shipyards and the B.C. Marine—use it for steel cutting, the Canadian Pacific Railway Company for the same purpose, the Dominion Government use it on some of their vessels and the City of Victoria is experimenting for the purpose of using it for road work.

We invite you to inspect our showrooms and learn of the advantages of using this fuel. You have heard over the Radio of "Shellane," "Shellane," "Rockgas," "Flamo" and "Star Gas" are manufactured by the Standard and Shell Oil Companies.

CONVENIENT

—We supply two tanks. The average family will consume the contents of one tank in from four to six weeks. When one is empty, you telephone us and we deliver another. You have always a good supply ahead. This has worked out very well indeed so that we have no complaints as to our service.

THE FIRST 50 INSTALLATIONS, AFTER THIS ADVERTISEMENT APPEARS, WILL BE MADE AT WORTHWHILE REDUCTIONS.

Kitchens can be furnished with cheap or very expensive. This is YOUR opportunity to secure the comfort of "Rockgas" at a substantial saving.

BUSINESS MAN IS HERE FROM DUTCH INDIES

Mr. T. H. C. Rosier Is Interested in Sugar Business in Java—Some Impressions of Country

THREE CROPS FROM SOIL EACH YEAR

From Java, the principal island of the Netherlands East Indies, comes Mr. T. H. C. Rosier, of Samarang, who is registered at the Dominion Hotel. On account of the importance of this centre the Canadian trade commissioner's office for the Straits Settlements and the Netherlands Indies is located at Batavia, the administrative capital of the colonial group which includes the greater part of the East Indian archipelago.

THREE CROPS EARLY

Mr. Rosier's particular interest is that of the sugar business in the islands, which finds its chief market in British India. He says it is probably a surprise to the outside world how a comparatively small island can support a population of 35,000,000 people. The explanation is that the fertility of the soil enables three crops a year to be taken off the land, and as the best of the land is under closest crop, marvelous results in agricultural production are attained. There is a certain amount of seasonal employment in the neighboring islands, particularly in the plantations of Sumatra, where development has not reached the intensity of Java, but as most of the Javanese return home there is little loss in aggregate population.

MOUNTAIN RESORTS

One of the great advantages which has made the country tolerable for about 250,000 resident Europeans is the fine range of mountains, with attractive resorts, where the foreign-born can escape from fever-stricken areas to high altitudes, this being particularly the case since fine motor roads have been constructed, and communication is excellent.

Mr. Rosier says the authorities have given close scrutiny to emigrants owing to the communistic troubles created in British India and Indo-China by agitators believed to be in the pay of Soviet interests. So far the Javanese have escaped almost immune from this anti-European agitation. He is now on his way home to Europe.

MR. BUTTERFIELD DIES

Was Long Time Resident of Victoria District After Retirement From Shipping Business

The death took place yesterday of Mr. J. C. Butterfield, of Mount Newton Crossroad, where he operated a successful poultry farm. Mr. Butterfield, who was a nephew of the late Hon. E. G. Prior, was a native of Leeds, England, and when first he settled in British Columbia was engaged in the shipping business in Northern British Columbia. Fifteen years ago he retired, and had since occupied himself in poultry farming, having been successful with a fine strain of White Leghorns in winning egg-laying contests.

He is survived by Mrs. Butterfield, and one daughter, Miss Hilda Butterfield.

The funeral will be held on Tuesday from the B.C. Funeral Co.'s premises to the burial ground at Mount Newton Crossroad.

Fires Not of an Incendiary Origin

WINNIPEG, June 14.—Fires which raked a city block of stores in West Winnipeg early Thursday, causing \$300,000 damage, were not of incendiary origin, according to information received by Arthur MacNamara, Manitoba's deputy fire commissioner, today.

There was no evidence, Mr. MacNamara states, to indicate that fire bugs started the outbreak. While the military probe into the origin of the fire, a few blocks away, has not made public its report, Mr. MacNamara states that it was found that the fire probably started in some shavings in a refuse chute.

Sentenced to Die in Electric Chair

TOMS RIVER, N.J., June 14.—Lester Underdown and Mrs. Hattie Evans were found guilty today of the murder of Robert Evans, the woman's husband, and were sentenced to die in the electric chair. The jury made no recommendation for mercy.

BERRY CROP WILL BE SHORT

Local Consumers Will Be Adequately Served by Diversions From Prairie Shipments

GROWERS SUFFER FINANCIAL LOSS

While the strawberry crop on Vancouver Island is going to be a very short one this season, the local consumers in the city and surroundings are being adequately looked after. The demand on the prairies is reported to be a very insistent one, but the local growers have taken care in making shipments by carload lots that there is sufficient quantity retained here to provide for the local demand.

A carload will go from the Saanich Berry Growers' Association, in summarizing the situation, says: "A normal crop would be 50,000 crates and 250 tons of jam berries. Early this year our estimates were revised downward to 30,000 crates and 150 tons for jam. Actual results in the field now indicate that we shall do well to pick 25,000 crates and have 100 tons for jamming purposes."

While the prices have been good on the prairies, and the demand excellent, bringing as high as \$4.75 a crate, Captain Livesey says that in order to insure the local demand, enough berries are being kept back from the carload lots to meet this situation, although the prevailing price locally is only \$3.50 a crate.

The berries are reported to be coming in in first class shape, and are of good quality. The crop, however, will fall much below the average.

IS RENOMINATED

MANITOU, Man., June 14.—Mr. J. L. Brown, who represented Ligar constituency in the last Dominion House, yesterday was nominated as Liberal-Progressive candidate in the coming election.

SCOTT.—The remains of Mrs. Alice Mary Scott are reposing at Hayward's B.C. Funeral Chapel until Monday morning at 11 o'clock, when they will be conveyed to St. Paul's Garrison Church, Esquimalt, where service will be held at 3 o'clock. The Rev. F. Chapman of Esquimalt, interment will be made at Royal Oak Burial Park.

MAXWELL.—There passed away at an early hour yesterday morning at the family residence, 2150 Florence Street, George Riley Maxwell, aged sixty-eight years. Mr. Maxwell was born in the United States and had resided here for seven months, coming at that time from Claresholm, Alberta, where he had farmed for twenty-eight years. He is mourned by two daughters, Mrs. S. McPaul, of Claresholm, Alta., and Mrs. S. A. Barnes, of Calgary; four sons, Henry, Howard, Roy and Dewey, all of Claresholm; one sister, Mrs. Sarah Nelson, of Calgary; also three brothers in the United States. The remains are resting at McCall Brothers' Funeral Home and will be forwarded on Monday afternoon's boat to Claresholm, where interment will be made.

COLES.—Many friends attended the funeral of Richard Coles, which took place on Saturday afternoon from Douglas Street Baptist Church. Rev. F. W. McKinnon conducted the service, during which the hymns, "Now the Sowing" and "Abide With Me," were sung. "Some Day the Silver Cord Will Break" was also sung as a solo by Mrs. McKague. The I.O.F., Court Far West Cariboo, No. 743, was represented by P.C.R. A. E. McEachern, G.R. A. W.

Pimples on Face Thought Everyone Was Looking at Her

Miss F. Foster, Nanaimo, B.C., writes: "I used to suffer, something awful, with pimples on my face, and never felt as if I wanted to go out as I thought everyone was looking at me."

A friend advised me to use

**BURDOCK
 BLOOD
 BITTERS**

so I got a bottle and it worked wonders, and after using the second one to look at my face one would never think I ever had a pimple.

CANADIAN SCOTTISH BAND TO PRESENT FIRST CONCERT

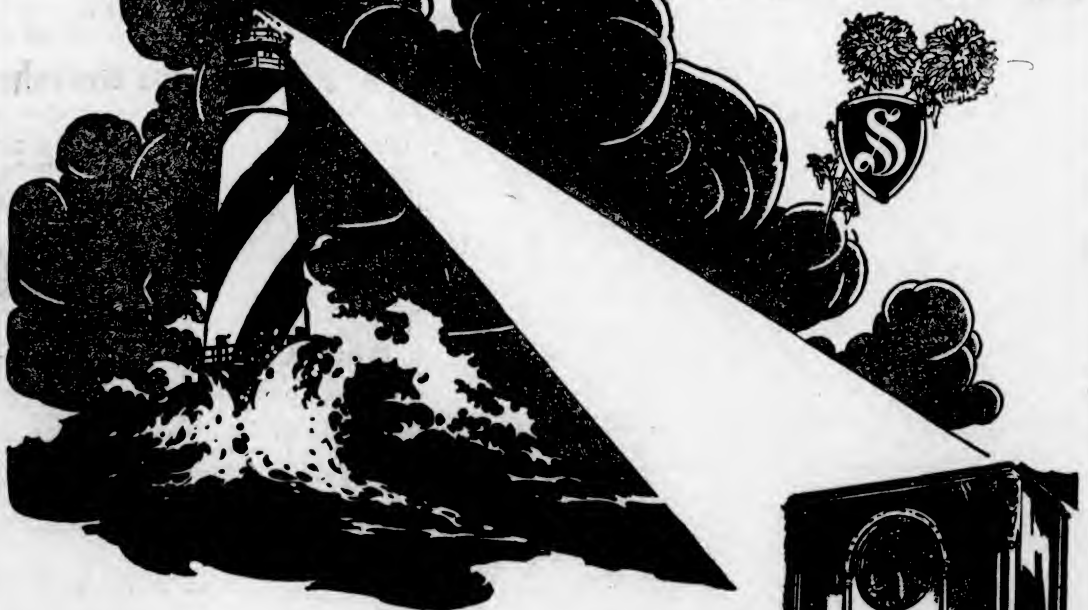

Bandmaster Miller has prepared a programme which should prove very acceptable to all who attend the band concert at Beacon Hill Park this afternoon at 3 o'clock.

The opening march is one familiar to radio listeners, "Anchors Aweigh." The grand selection from the opera, "Rigoletto," suite by Massenet, "Scenes Pittoresques," Slavonic Rhapsody, by Friedmann, and numbers of a lighter nature will be presented on this programme.

Deserving also of special mention is "The White Dove," from the popular show, "The Rogue Song," which has been featured at a local theatre this week.

Proceedings Dismissed
 MIAMI, Fla., June 14.—Padlock proceedings against the Miami Beach residence of "Scarface" Al Capone were dismissed in circuit court here today by Circuit Judge Paul D. Barna. The judge ruled that the state had not proved the allegations in its bill of complaint that the place was a nuisance.

SPARTON IS DEPENDABLE

REMEMBER this . . . that **DEPENDABLE** in a Sparton means vastly more than simply dependable reception. The most important meaning of the word is that there is a **DEPENDABLE** manufacturer and **DEPENDABLE** service behind every Sparton instrument sold. There is 30 years of constantly increasing prestige and financial strength on the part of the Sparton organization.

Your Sparton will never be an "orphan of the storm". Your Sparton will never lack immediate and intelligent service. Your Sparton will be a **PERMANENT** and highly satisfactory investment, for Sparton reception has reached the point of true-to-life realism and you will never ask more of any musical reception. Think of these things as you listen to the newest Spartons. We invite you to listen to them here.

TO OPEN BLOCK AT ESSONDALE NEXT MONTH

Hon. S. F. Tolmie Will Officiate at Inauguration of Female Chronic Building July 18

GOOD PROGRESS HAS BEEN MADE

The Female Chronic Building at Essondale is now practically completed. It is the intention to open the building for use on July 18, when Hon. S. F. Tolmie, Prime Minister of the province, will officiate at the opening ceremony.

This building, which is capable of taking care of some 700 patients suffering from mental diseases, has been completed by the contractors in record time. The contract was awarded to the Pacific Engineers, of which Col. W. W. Foster is the head. The work has been in progress for about a year and a half, and has been carried on with due expedition by the contractors.

When the work was undertaken the specifications, as prepared under the guidance of Hon. N. S. Loughheed, Minister of Public Works, required the using of British Columbia products wherever possible. Where this was not possible, and Canadian goods made elsewhere than in British Columbia were provided for, and in the final analysis the goods utilized were to be of British manufacture or production.

The result has been that the building, as completed, is about 80 per cent of British Columbia construction. A gratifying feature connected with the new building is the fact that in the award of the tender there was a saving effected over the amount which was appropriated for the work, which allowed of the construction of the building for the special use of returned men, who were in need of attention at the institution.

The new building is up to date in every particular, having been constructed from plans prepared after the most careful consideration by the architect, Mr. H. Whitaker, of the building used for similar purposes throughout the whole of Canada and the United States.

Mr. A. B. McAdam Dies in Royal City Hospital

NEW WESTMINSTER, June 14.—Mr. Albert B. McAdam, aged thirty-six, one of the city's well known business men, died Friday evening in the Royal Columbian Hospital here. He was taken suddenly ill on Thursday while in Vancouver.

City & District

Convention Here—The Reliance Insurance Company will be the next organization to hold a meeting in this city, the convention being fixed to commence tomorrow at the Empress Hotel.

Orphanage Tag Result—Gross collections taken in connection with the tag day for the B.C. Protestant Orphanage yesterday amounted to \$830.79, it was reported last evening. Included in this sum was \$203.27 turned in by Mr. Joe North.

Local Success at Toronto—Notice has been received from Toronto of the success of M. R. Caverhill, of this city, who was placed fourth in his class in the first year, with honors, Faculty of Medicine, University of Toronto.

Gun Practice, Esquimalt Defences—Gun practice will be carried out from the Esquimalt Defences on Monday and Tuesday from 10 a.m. to 4 p.m. The range is 10,000 yards and arc of fire, William Head and Trial Island.

Highway Work—It is the intention of the Department of Public Works to commence bituminous surfacing Verdier Avenue and West Saanich Road, at the intersection of the highway near Coombs Saturday.

Two Persons Injured—Malcolm Blackwood, 621 Hillside Avenue, and Alex. Gaunt, 1311 Johnson Street, were injured in a motor cycle accident near the Six-Mile House last night. The injured men were brought to the St. Joseph's Hospital by passers-by, and after receiving medical attention by Dr. R. L. Miller proceeded to their homes.

New Oak Bay Buildings—Two important new residential buildings are to be started shortly in Oak Bay district. One of these will be erected for Mr. H. F. Ogden on Mount Joy Avenue, the architect being Mr. P. L. James and Mr. H. Savage. The other building will be erected at York Place, from the design of Mr. Max Downing, of Messrs. Townley & Matheson.

Nearing Completion—Mr. J. E. Barker, vice-president of Carter-Hall-Aldinger Co., Ltd., has recently arrived in Victoria, and expressed his satisfaction at the installation of the new equipment in the powerhouse of the Empress Hotel. The drying out of the boilers is now nearing completion, and it is expected that the building will be in operation within the month.

Four Fire Calls—Burning shingles on the roof of Fry's Bakery, 403 Craigflower Road, resulted in a call being sent in for the fire department at 1:59 yesterday afternoon. Grass fires at Fort Street and Lea Avenue, and at 1251 Balmoral Road, at 2:24 o'clock, and 3:44 o'clock, respectively, were extinguished in a short time. At 4:27 o'clock rubbish burning at 616 George Road became troublesome and the fire department was called.

"Quality Street"—The gymnasium of St. Margaret's School was filled to capacity last evening when the students presented Sir J. M. Barrie's play, "Quality Street," which was received most enthusiastically by more than two hundred people. Under the direction of Miss L. Bullock-Webster, who coached the players, the characters were consistently sustained, and the clarity of diction of each performer was a great delight. The costumes were particularly charming, and the play, bringing with it an air of old-fashioned romance, saturated with the sentiment of a bygone century, moved smoothly and with the dovetailing of incident, which invariably characterizes Barrie's work.

The next meeting of the Guild of Health will be held on Tuesday evening at 8 o'clock in the chapel of the Memorial Hall. Rev. O. L. Jull, rector of St. Mark's, will be in charge of the meeting, and a hearty welcome is extended to all interested.

An emergency meeting of the Amalgamated Civil Servants will be held tomorrow evening at the Law Chambers.

Fashionable Wedding Is Solemnized in Ottawa

(Canadian Press)
OTTAWA, June 14.—Men and women prominent in Ottawa society, together with many distinguished out-of-town guests, filled the church of All Saints this afternoon when Amy Gordon, eldest daughter of Mr. and Mrs. Charles A. Magrath, was married to Mr. Francis J. D. Pemberton, son of Mr. and Mrs. F. B. Pemberton, of "Mount Joy," Victoria, B.C. Mr. Magrath, the bride's father, has for many years been a prominent figure in Canadian life, from chairman of the Ontario Hydro-Electric Commission. Her grandfather was Sir Alexander T. Galt.

Smiling June weather greeted today's happy occasion. Bishop Roper performed the ceremony, assisted by Rev. G. G. Hepburn, rector of All Saints. The bride was attired in a

Small Scoring In Wanderers' Easy Victory

Wanderers won from University School yesterday by 27 runs, on the first innings. Dunn batted exceptionally well in his not-out innings of 28, which included one 6. Darcus also hit a 6 in his score of 14. The University School bowlers, Hamber and Weaver, did well. Hamber taking six wickets for 38. Weaver was the only University School batsman to do anything with the bowling of Darcus and Bosson, being finally defeated by a fine ball from Bosson. Dunn held two remarkably good catches at backward point. Tucker, in the second innings, collected 26 runs in one inning, including two 6's and three boundary hits for 4.

GIRL GUIDE FETE A GREAT SUCCESS

Annual Garden Party Held at Government House—Hon. S. L. Howe Declares Fete Open

The large crowd of visitors to the gardens of Government House yesterday afternoon applauded most enthusiastically as nearly three hundred Girl Guides marched in trim straight lines in the march past which formed part of the opening ceremonies of the annual Girl Guides' Association fete. Miss Stewart Williams was in charge of the marching. The great east lawn was surrounded by spectators, and the neat blue uniforms of the Guides, who were arranged in companies, the Union Jacks and the Pipe Band, which added a brilliant touch of color to the very attractive scene, marked the fete as one of the most colorful in many years.

Hon. S. L. Howe, Provincial Secretary, appeared in a dual capacity at the garden party in receiving the hosts of the day. At the request of His Honor the Lieutenant-Governor, who was unable to be present, Mr. Howe represented him in extending a hearty welcome to the grounds of Government House.

At the same time, in the absence of the Premier of the province, Mr. Howe represented in an official way the Government of British Columbia in recognizing the work that was being done by the Girl Guides.

Mrs. Curtis Sampson, honorary president of the local association, representing Miss Wigley, the president, introduced Mr. Howe. Following the address by the Provincial Secretary, one of the Brownies presented Mrs. Howe with a beautiful bouquet of gladioli and delphiniums. His Worship the Mayor and Mrs. Anson, Mrs. Blaisell, representing the Women's Auxiliary to the Boy Scouts; Mr. H. T. Ravenhill and Mr. R. Bishop, representing the Boy Scout Association, were welcomed by Mrs. Walter C. Nichol, divisional commissioner for South Vancouver Island, who acted as hostess for the afternoon.

Gaily decorated booths were well patronized by the visitors, and many tempting wares were offered by the Guides and Brownies who were in charge of them. There were stalls of home-made candies, ice cream, lemonade, fishponds, lucky dips, coconut shies, "hot dog" stalls, "butterfly" competitions, pony rides, shooting galleries and a great many other attractions.

Mrs. Stewart Williams and mem-

bers of the local association, served tea, and guests of honor at the tea hour included Hon. S. L. Howe and Mrs. Howe, the Mayor and Mrs. Anson, Mrs. W. C. Nichol; Mrs. Kinloch, district commissioner for South Cowichan; Mrs. Gale, district commissioner for Saanich; Mrs. G. Phillips, district commissioner for West Victoria; Mrs. L. A. Genge, district commissioner for East Victoria; Mrs. Rollo Mainguy, Mr. A. M. D. Fairbairn, Mr. Ravenhill and Mr. Bishop.

The ticket which won the doll's cradle, belonging to Hilda Company, may be seen at Guide headquarters. The bicycle was won by Mrs. George, Roslyn Road, and the doll's name, Betty, was guessed by N. Stephens and Mrs. Boughton, the award going to Mrs. Boughton. One of the most attractive features of the afternoon was the display of drills, games and singing by 120 little Brownies, under the direction of Mrs. L. A. Genge. The children received much applause.

Clubs and Societies

Royal Oak W. A.

The Little Helpers of St. Michael's Church, Royal Oak, and a number of interested friends were entertained on Wednesday afternoon, at Norfolk Lodge, the home of Mrs. H. C. and Miss K. Oldfield. The guests, who numbered about forty, after being welcomed by their hostesses, enjoyed an hour or two in the lovely gardens, where games were played, and everyone had a good time. Lady Lake, of Victoria, gave a delightful little talk to the children, and her guest, Miss Gandridge, who has spent several years in India as a missionary, related some of her experiences among the children of India. Amusing the hostesses was Mrs. Popert, who poured tea, and refreshments were passed by members of the Women's Auxiliary. Miss Ley, who is president of the Little Helpers, and who is also responsible for their successful training, was in charge of transportation arrangements.

Canadian Daughters

Canadian Daughters' League, Far West Assembly, No. 30, held its regular business meeting on Thursday evening at the New Thought Hall, with Mrs. Clark presiding. Mrs. Leach, Toronto, grand chaplain; Mrs. Roebuck, Regina, grand historian; Mrs. Gardner, Victoria, grand sergeant at arms; Mrs. Aitkens, Port Arthur, deputy; and Mrs. Barr, deputy, were welcomed, and gave short addresses. Visitors from

To Be Scene of Annual Garden Fete

HATLEY Park, the magnificent home of Mrs. James Dunsinuir, will be open to the public on Wednesday morning and afternoon, from 10:30 to 6 o'clock, when the Florence Nightingale Chapter, I.O.D.E., will hold its annual garden fete. The gardens, which are at this season of the year exceptionally beautiful, will undoubtedly attract a large number of Victorians and visitors to the city. The newly formed Girls' Band will play during the afternoon, and tea and ice cream will be sold. Mrs. K. Symons, regent of the chapter, assisted by members, will be in charge of the arrangements. Mrs. G. Lillie will be at the gate, and buses will leave the Dominion Hotel and the bus-depot at regular intervals.

No. 5 lodge were also welcomed.

Mrs. Barr gave a resume of the grand council meeting held recently at Vancouver. Mrs. Fitzsimmons was asked to convey the assembly's congratulations to her father, Mr. Landsberg, who was recently awarded the "best citizen" medal.

Canadian Legion Auxiliary

The Ladies' Auxiliary to Britannia Branch, Canadian Legion, B.E.S.L., met in the new club on View Street on Tuesday evening. Reports from the convention were read from the president and treasurer. It was decided to start a hope chest immediately to raise funds for needy cases during the coming winter. Tickets will be on sale from members of the auxiliary some time next week. The auxiliary will hold a cup, saucer and plate shower on Wednesday afternoon at 2:30 o'clock. The shower is to help furnish their kitchen in the new clubrooms on View Street.

W.B.A. Review

The regular meeting of Queen Alexandra Review No. 1, W.B.A., will be held tomorrow evening in the K. of C. Hall, Government Street, at 7:30 o'clock. The provincial director, Mrs. C. M. O'Brien, of Vancouver, is expected to be present. The memorial service today will be at the Reformed Episcopal Church, Humboldt and Blanshard Streets, and members are asked to meet outside at 10:45 o'clock. Anyone wishing to give flowers may leave them at the Royal Fair, View Street.

Pythian Sisters

The Pythian Sisters of Island Temple, No. 8, held their regular meeting on Thursday evening with Mrs. White presiding. The usual business was transacted, during which an interesting report was read by the delegate, Mrs. D. Dodd, who has recently returned from Powell River, B.C., where the an-

nual convention was held. Mrs. Smith has kindly loaned her home for a social evening on June 24. On July 9 a garden party will be held at the home of Mrs. Dodd.

REPORTS SHOW MANY ACTIVITIES

St. Joseph's Hospital W. A., at Annual Meeting, Re-elected Mrs. Frank Sehl President

Multifarious activities were represented in the reports read at the annual meeting of the Women's Auxiliary of St. Joseph's Hospital, held Friday afternoon, when officers for the ensuing year were elected as follows:

President, Mrs. Frank Sehl; first vice-president, Mrs. Vernon Thomson; second vice-president, Mrs. P. Criddle; secretary, Mrs. A. Clarke; treasurer, Mrs. Walter Fraser; convener of sewing, Mrs. G. M. Henderson and Mrs. M. Davidson; executive, Mrs. T. S. McLaughlin. Mrs. K. Sabin, Mrs. W. McManus, Mrs. Ward, Miss Freeman, Mrs. K. T. Hughes and Mrs. M. Jones.

Among the auxiliary activities during the year there were noted by the president, Mrs. Sehl, in her annual address, the furnishing of the sewing-room, the buying of equipment for the hospital, including an electric vacuum cleaner, electric gauze cutter, electric floor polisher, clothes containers for wards, card tables for the nurses' new home, gas machine for operating rooms. The auxiliary also undertook the painting of the Collinson Street entrance to the hospital. Funds were raised for this work through the annual bazaar and sale of work.

The treasurer's report, read by Mrs. Walter Fraser, showed total receipts amounting to \$4,217.69; expenditures, \$3,123.05, and balance on hand of \$1,094.64.

A vast amount of sewing was represented in the report of the convener of sewing, Mrs. Henderson, the total number of pieces made during the year being 25,420.

Women's Institutes of Vancouver Island

ROYAL OAK

The June meeting of the Royal Oak Women's Institute was held on Thursday at Community Hall, with a fair attendance, and one visitor. Miss Oldfield presided. A letter was read from Whistler, where a library is being started in a small way, and thanks were returned for a box of books recently received from Royal Oak. The offer of the Victoria Woolen Mills of free wool for rugs, and comfortable to be exhibited at the Fall Fair, was accepted, and a letter read from the Pacific Milk Co. inviting the Institute to join in a competition, suggesting an attractive slogan drawing attention to the new brand of milk for infants and young children. A dance for a Thursday evening in June was decided upon, when the basketball committee and the Women's Institute will join forces. Further announcement will be made as soon as the date is decided upon. Messrs. Creaves, Massey, Oldfield and Barker were appointed to make arrangements, with power to add to their number. During the months of July and August the executive will take care of any business that may arise, the regular meetings to be resumed in September. The financial report, read by Mrs. Mead-Robins, secretary, problem, showed a satisfactory balance on hand, and payments made on

LOOK AT YOUR LAUNDRY WITH SUNDAY MORNING EYES

There's always a danger in being so close to your home that you can't get a proper impression of it. You spend most hours of the day in your home, month after month and year after year. Suppose, next Sunday morning when things are quiet and you are less busy, you do a little quiet thinking about household thrift.

Then, on Monday, make up a test bundle and phone us. Don't assume that home washing is cheaper—find out if it really is.

The test bundle will afford you first-hand evidence of our ability to launder your things for less than it costs you to do it at home and at the same time you may judge for yourself of the refreshing cleanliness imparted by our careful washing with pure Ivory Soap.

Wedding Takes Place at Quamichan

Beautiful Summer weather favored the wedding of Miss Doris Mary Isabel Roberts and Mr. George Arthur Crossman, Cheeke at St. Peter's Church, Quamichan, yesterday afternoon at 3 o'clock. The picturesque church, situated among stately old oaks, was filled to capacity and had been decorated by friends of the bride with pink ribbons and ferns, the guest pew being marked with bunches of flowers tied with white ribbon. During the ceremony, which was performed by Rev. A. Buchhalt, assisted by Rev. W. E. Cockshutt, the bride and groom stood beneath an arch of flowers. Mr. W. A. Willett played the organ and the choir was composed of the senior boarders from Queen Margaret School of which Miss Roberts had been a member of the teaching staff and a former pupil. They were dressed in white and wore the school colors and carried bunches of pinks.

The hymns sung were: "The Voice That Breathed O'er Eden" and "O Perfect Love," and the bride and her attendants entered the church to the strains of the "Wedding March." The bride, who is a member of two pioneer families of British Columbia, is the elder daughter of the late Captain R. P. and Mrs. Roberts, of Duncan, and granddaughter of the late Rev. and Mrs. R. J. Roberts, of Kuper Island, and of the late Rev. and Mrs. Holmes, of Sonoma, and the groom is the only son of Mr. and Mrs. Cheeke, of Cobble Hill.

The bride was given in marriage by her godfather, Mr. Lindley Grease, K.C., of Victoria, and looked charming in her wedding gown of white lace with a jacket top fashioned with long sleeves and a long, flared skirt with uneven hem. She wore a veil of pale egg-shell tulle fastened at each side of the head with a bunch of orange blossoms and carried a shower bouquet of Ophelia roses and lilies of the valley tied with white tulle.

The maid of honor was Miss Nell Mellin in a dainty high-waisted frock of pale pink georgette with a shoulder cape and a long, flared skirt, and a large soft hat and shoes of the same shade. The two bridesmaids were her cousin, Miss Ruth Walcott, and Miss Rosa Birch, dressed alike in blue, similar to the maid of honor, and all three carried bouquets of blue delphiniums, pink and white sweet peas, carnations and asparagus fern tied with bows of pink tulle.

Little Monica Roberts, sister of the bride, and Patsy Jackson, goddaughter of the groom, in pretty frocks of primrose crepe de Chine, smocked in blue, with long bodices and puffed sleeves and very full skirts, were flower girls. They wore wreaths of blue and yellow flowers, and carried artistic blue baskets, tied with yellow tulle, filled with yellow and blue flowers, and scattered rose petals as the bride and groom left the church.

Mr. Cheeke was supported by Mr. W. L. Stewart-MacLeod, and the ushers were Messrs. W. Colfer, J. Stewart Williams, T. Douglas Groves and Donald Roberts, brother of the bride.

Lining the steps as the bride and groom left the church was the choir, who threw rice and confetti as they entered the waiting motor which drove them to "Holmesdale," the home of the bride's mother, where a large reception was held in the garden.

Mrs. Roberts assisted in welcoming the guests, wearing a smart evening gown of green lace and a beige hat. The numerous and beautiful presents were displayed in the drawing-room. Later, Mr. and Mrs. Cheeke motored to Victoria, and after a honeymoon trip, will make their home at Cobble Hill. The bride traveled in a green ensemble costume with a tawn hat.

TOOK PART IN PLAY
The following took part in the play, "Camouflage," presented on Friday by the evening branch of St. John's W.A., under the auspices of St. Mark's A.Y.P.A.: Lena Butlerfield, Ivy Flint, Margaret Black, Iris Kirby, Gladys Barlow, Emily Warburton, Mollie Larkom, Hilda Huddleston, Endi Flint, Nan Hutton and Dorothy Sprinkling.

Let us take you into our confidence!

WE prefer our good name to easy money in the bank. For 18 years our home has been in Victoria . . . our friends have been Victorians. During 18 years we have built up a reputation for style leadership and honest value . . . for adjustments willingly made when adjustments have been needed. And we know that if we lost that good name, it wouldn't be long before we lost our business, too. Be guided by these considerations. They mean much to you.

GOOD PROGRESS AT BARRY HOLLINGER

Winze Being Sunk in Ore With Good Values Over Its Full Width

(Mason & Dispector)
TORONTO, June 14.—Good progress, under satisfactory mining conditions, is being made at Barry Hollinger gold mines, according to the president. Sinking is being carried out from the 1,625-foot level to the 1,875-foot level. The winze, which is now down forty feet below the 1,625-foot level, is being sunk in ore, and good values are being encountered over the full width of the tunnel. Mill feed is now coming from the winze operation, and also from the 1,500 and 1,625-foot horizons.

Development work on the Iron Mask property, about five miles from Cartier which was optioned some time ago by the Nickel Hill Syndicate, Limited, for a stock interest, has been proceeding satisfactorily according to the president. The mineralized portion has a width of approximately ninety feet, he states, and has been excavated in six places.

The management of White Lake Mines, Limited, whose property is located in the Mississauga forest reserve, is preparing for enlarged underground operations. Throughout the winter, work was centred chiefly on the driving of the tunnel on the west vein, and this has been pushed forward to a distance of 1,500 to 1,600 feet. It is now the intention to resume operations on the east vein, where the tunnel is in about 500 feet. About half a mile from the lake, where the axis of the tunnel of both the east and west veins are located, runs a diabase dyke, and both vein systems appear to head in the direction of the dyke. It is the intention to push with all possible speed the tunnel on the east vein toward the dyke, where it is believed the main ore body lies.

WHEAT MART SAGS TO ALMOST LOWEST LEVEL OF THE YEAR

(Canadian Press)

WINNIPEG, June 14.—Pummelled and beaten, the wheat market sagged almost to the lowest level of the year today. At its low point, July was within 3-4 cent of the lowest mark touched during the season, reaching \$1.03 3/4. Losses coming on the heels of five cents per bushel recessions in the last two days, added 2 3/8 to 2 5/8 cents to the decline.

July wheat closed at 104 1/8 and October at 107 1/2, each off 2 3/8 cents. December's loss was 2 3/8 at 109 to 108 7/8.

Perfect crop weather in the West, bringing rains to the areas where drought has been most in evidence of late, was probably the most bearish feature. However, appearance of the new crop in the United States, pressing on the heels of the old, coupled with general financial stringency to cause the debacle. Trading was heavy throughout the short session.

MARKET LETTER

During the past week weather conditions from the strawberry standpoint have been most unsatisfactory. Considerable rain has fallen, and even during the days when there was sunshine it was not hot enough for the proper ripening. The previous forecast, intimating that the crop will be short, still holds good. In the Coast sections the crop will be about sixty per cent of last year's production, while in the eastern portion of the province it may run as high as sixty-five to seventy per cent. Prices up to the present have been well maintained with good demand. If this situation continues most of the berries will go in crates to supply the home and prairie markets. Victoria has rolled five cars to date. Several have also been shipped from the end of this week, or the first of next. We have it on good authority that the first car will leave Wynndel about June 15. The processing of strawberries, for the cold pack trade, will probably start about the end of this week, or the first of next. We have it on good authority that the first car will leave Wynndel about June 15. The processing of strawberries, for the cold pack trade, will probably start about the end of this week, or the first of next. Wire received from Markets Commission, who is in Saskatoon: "Heavy rains have fallen from Saskatoon to Winnipeg, insuring the growing grain sufficient moisture to carry it to the shot head period. Farmers are greatly pleased with prospects. Imported strawberry supplies have fallen off, and prairie markets hungry for British Columbia berries. Prospects are for good prices and heavy demand."

DRILL MASTER IS RETIRING AFTER LONG SERVICE

With the retirement of Captain Jan St. Clair, drill instructor in the public schools of the city for the past thirty years, one of the most picturesque and loved figures in Victoria's educational annals passes into private life. Captain St. Clair's duties will terminate with the closing of the schools for the summer holidays, and hereafter he will devote his time entirely to the beautifying of the grounds at his pretty home on North Quadra Street, where he has collected specimens of many rare shrubs and trees.

MISS HEMBROFF A CHARMING BRIDE

Victoria Girl Marries Georgia Man—Bride and Groom Will Leave for Germany

A very charming wedding took place yesterday afternoon at the home of the bride's parents, Mr. and Mrs. Walter C. Hembroff, 1028 Craigdarroch Road, when their second daughter, Ruth Edwina, became the bride of Mr. Luvic Pierce Harrington, son of Mrs. Harrington, of Waynesboro, Georgia, and the late Dr. Harrington. Rev. W. J. Sippell officiated. The ceremony took place in the drawing-room, where masses of flowers in shades of pink and white were used to form a background, the bride and groom standing in front of the fireplace, which was banked with Summer flowers. The room was lighted by candles which gave a soft light and were unusually effective. The bride was given in marriage by her father, and looked very pretty in her wedding gown of flowered French nylon, in colorings of grey and pink. The long-sleeved bodice was fashioned with a deep cape collar, divided at the back, revealing the soft bow of the deeper pink velvet, with which the high waist was encircled. The long circular skirt touched the floor and she carried a sheaf of bridal roses. Her only attendant was her sister, Miss Edythe Hembroff, who wore a frock of faintly patterned net over peach crepe de Chine. Narrow bands of black velvet formed the sash, which hung in streamers to the bottom of the skirt, and were tied with clusters of French flowers. Her flowers were roses and sweet peas. Mr. Deane Storey, of Palo Alto, Cal., was best man. Mr. T. R. Myers played the wedding music, and during the ceremony, Dr. T. H. Johns sang "The Yeoman's Wedding Song."

Society Notes From Vancouver

VANCOUVER, June 14.—Miss Mildred Clark, a bride-elect, formerly a resident of Victoria, and daughter of Brigadier-General and Mrs. R. P. SUMMER RESIDENTS

Prominent People Will Spend Portion of Season at Homes in North Saanich

A large number of Summer residents have already arrived in the district. Several of the available Summer cottages are already occupied by people from the Mainland, the Prairies and the United States. One or two of the islands owned by Californians are already occupied. Mr. Barker, of Los Angeles, is already in residence on Gooch Island, where a \$50,000 house was built last year. Mr. Armstrong, of San Francisco, is expected shortly to take up his residence on Hill Island. Mr. Bradbury is expected shortly at Moreby Island. Mr. Edris and party, from Seattle, is in residence at "Miramonte," recently purchased from the Nicol estate at All Bay Point. Dr. J. H. Moore, of Victoria, has purchased a Summer property at Bradley Bay, where the family will spend the Summer. Dr. H. T. J. Coleman, of the University of British Columbia, and family are in residence at Deep Cove. Capt. B. S. Hartley, of Calgary, has been at "Wildwood," Deep Cove, since May 13. Mr. F. J. Baker, of Victoria, has taken "Kingsland Cottage," Deep Cove, for the season. Mrs. Newman Mumford, of Vancouver, will spend the Summer at her Deep Cove residence "Lyons House." Mrs. Grigg, of London, England, is expected at her Deep Cove cottage this Summer. Mr. W. H. Ker, of Vancouver, will spend the Summer at "Point Rascal," Deep Cove. Mr. Anderson and family will spend a portion of the season at "Blah Nanch," Deep Cove.

Royal Oak

A most enjoyable picnic was held on Wednesday afternoon at Cordova Bay, where Dr. and Mrs. Clemence entertained a party of friends in honor of Mr. J. E. Kelly, who was celebrating his birthday anniversary. Games and sports were the main features, and were entered into with enthusiasm by all. Afterwards supper was served at the Summer camp of their hosts. A prettily decorated birthday cake, the handwork of Mrs. Clemence, holding first place on the table.

CHURCH CRAFTS FESTIVAL OPENS

EXHIBITION SEEKS TO RE-ALIGN FAITH WITH ART OF CHURCH

Bishop Schofield Invited to Talk on Building of Christ Church Cathedral

Planned on a stupendous scale and illustrating the principle of comprehensiveness that is characteristic of the Anglican Church, the festival of English Church art will be opened tomorrow in the large block of buildings known as the Carlton Hall, Westminster, and will continue daily from 10 a.m. to 10 p.m. until July 2. Church music

and the drama, architecture, sculpture, painting and allied arts will all be represented in the exhibition. By request of the festival committee, of which the chairman is the Rev. Jocelyn Perkins, sacrist of Westminster Abbey, the Bishop of Columbia, the Right Rev. C. D. Schofield, has been invited to read a paper at one of the many conferences in connection with the exhibition, on the subject of "The Development of Church Architecture on the Western Frontier of the British Empire."

This paper includes a description of the new Christ Church Cathedral at Victoria, with special reference to the proposed treatment of the future missionary memorial chapel, which will be situated north of the sanctuary, and will be a memorial to pioneer missionaries to the Indians of the British Columbia Coast. This chapel is to be treated, as to its furniture and fittings, in a style reminiscent of the native carvings. A large selection of photographs of

the present nave, and drawings of other portions of the cathedral, will also be shown at the exhibition.

ORIGIN AND AIMS

The festival has been arranged under the auspices of the Church Crafts League, a society which can claim for its foundation patrons John Ruskin and G. F. Watts. For many years it has labored, not without success, to bring back to the church something of the beauty which belongs to art.

In the judgment of the promoters of the festival "art is not a mere piece of aesthetic pleasure. Rather it is a deeply religious agency by means of which we touch the highest realities in a spiritual sense. It is not a mere fringe to life, but a necessity. As William Morris said: "Art forms the expression of the workman's pleasure in his work. It is a necessary corrective to the mechanized civilization, growing up around us."

The objects of the festival are stated in the following terms:

(1) To exhibit the art of the English Church in all its various branches, and to give a living demonstration of all that is best in the art of today, in contradistinction to the spirit of commercialism.

(2) To spread a truer and deeper knowledge in every part of the Anglican Communion, not only through the exhibition, but also by means of sermon, lecture, conference, demonstration and in a variety of other ways.

(3) To raise a large fund, the interest on which shall be employed in furthering the above and kindred objects through the agency of the Church Crafts League, forthwith as well as in the future.

PLAN OF FESTIVAL

While the festival is open, daily services of English Church music will be rendered in Christ Church, Victoria Street, by the choir of St. Margaret, Westminster, St. Mark, North Audley Street, St. Michael, Cornhill, St. James, Piccadilly and the College of St. Nicholas, Chichester. Special preachers at certain of these services include the Rev. Francis Underhill. Organ recitals will be given by Mr. G. Thalben Hall, organist of the Temple Church, and by Dr. Walter Alcock, organist of Salisbury Cathedral, assisted by members of Trinity College of Music.

The exhibition of modern church art will occupy the council chamber and the whole of the first floor of the Carlton Hall, Westminster. Leading artists in church building and decoration have made their contributions. It is unique in that every single item exhibited is of a contemporary character, and has its origin, not in the factory, but in the studio of each individual artist.

Cathedrals and other great churches have loaned some of their best treasures of modern art. A group of artists from north of the Tweed have combined to form a Scottish section. Another room has been specially set apart for the display of stained glass, while "The House of the Future" shows a simple chapel with its call to the spirit of youth.

The overseas church is not forgotten, for an attempt has been made to show how beautiful results can be attained in the altar and other fittings of a mission church with a small expenditure of money.

"In the materialistic times through which we are now passing," the festival committee's announcement declares, "there is an urgent call for

the sustained endeavor necessary to preserve for divine worship the spiritual quality which resides in true art."

LECTURES AND DRAMAS

Other features of the festival programme include conferences on "The Preservation of the Spirit of Beauty in Our Churches," and "The Development of Art and Architecture in the Churches Overseas"; debates on "The Stage and the Parish Church," and "The Invasion of the Church by the Factory."

A hymn-singing demonstration will be conducted by Mr. Geoffrey Shaw, and lectures illustrated by lantern slides will be given daily by eminent artists on the general subject, "The Application of the Arts to Anglican Worship."

A list of religious dramas and plays to be presented between June 16 and July 2 includes the following: "The Interlude of Youth," "Sister Claire" and "Brother Sun," by the Guild of the Holy Trinity; "The Gate of Vision" and "Outcasts," by the Mystical Players; "The Spurge of Vinegar" and "The Story of Tobit," by the Guildhouse Players; "The Founder Saints of Great Britain in Puppet Show," by the Guild of the Holy Trinity; "Becket," a drama by Alfred Lord Tennyson, and produced by Tom Healewood, to be performed by the Church Players' Guild, assisted by a number of voices under the direction of Dr. Ernest Bullock.

The festival will conclude on July 2, with a solemn service of praise and thanksgiving in Westminster Abbey, by permission of the Very Reverend the Dean of Westminster, who will preach the sermon. The service will be rendered by a choir of two hundred voices under the direction of Dr. Ernest Bullock.

NOTHING ALIEN

"The church maintains that nothing human can be alien to her; that the religion of the Incarnation covers every phase of life without exception," states the festival committee. "In The World Call, issued some time ago, she invited those of her sons and daughters upon whom God had bestowed the spirit of beauty to come forward and make their own contribution, no less than the missionary working upon the prairie of Canada or the veldt of South Africa."

"This festival is among other things an attempt on the part of artists to respond to this demand as well as to that made by the religion of the Incarnation and more recently, and to inspire the men and women around them once more with that common enthusiasm which gave us the great cathedrals and many other peerless works of art."

Soviet Propaganda in French Indies Damages European Prestige in Southern Asia

VIGOROUS ACTION TO CHECK DISORDER

By CAMILLE LEMERCIER (Copyright, 1930, by The Chicago Daily News Foreign Service.)

PARIS, June 14.—Moscow has been unmistakably branded as responsible for the unrest in French Indo-China and the Paris Government is acting forthwith to run down Red agents subsidized by the Third Internationale.

The recent disorders in Tongking, Cochinchina, were actually provoked by propaganda of the Third Internationale which through its branch in Canton is systematically undermining the French rule in Indo-China. M. Francois Pietri, Minister of Colonies, declared in a speech before the Chamber of Deputies last night.

M. Pietri declared that the French Government would take steps immediately to put an end to this propaganda brought to the Annamite workers and peasants by more than 2,000 agents on the payroll of the Moscow Internationale. M. Pietri announced that the French Government had already sent 1,000 French troops to Indo-China and would in the near future send a battalion of the Foreign Legion.

Moscow's instructions to its agents in the Far East are to urge mass rebellion. The Indo-Chinese Communist party is strongly organized under the guise of co-operatives, and its members are kept under strict control. The slightest indiscretion or lack of zeal is punished by death.

Protests Against Military Bands at Election Meetings

WINNIPEG, June 14.—Mr. J. S. Woodworth, Labor candidate in North Centre Winnipeg, and former member of Parliament, has protested to Ottawa against the use of military bands at election campaign meetings. He has telegraphed a protest to Hon. J. L. Ralston, Minister of National Defence, following the publication of a newspaper announcement that the Princess Patricia's Light Infantry band would play at a Conservative meeting to be held Monday night. The announcement stated approval had been obtained from the National Defence Department, Ottawa.

"If this is correct," said Mr. Woodworth, in his wire, "I protest against military bands being used in political campaigns. Further, Winnipeg musicians protest vigorously in view of the acute unemployment situation."

We have a laundry service that just suits your needs. Phone today for a routeman and let him explain how we can serve you.

MEDICAL AUTHORITIES GIVE LAUNDRIES CLEAN BILL OF HEALTH

In a recent survey among health officials in 23 Canadian cities, the old fallacy that laundry-washed clothes spread disease was exploded once and for all. Not one case of contagion was traceable to the laundries, they agreed. Laundries comply 100 per cent with all city sanitary codes in existence, the report proved; the verdict being that laundries are safe—and safer than many other methods.

How One Woman Lost Fat and Gained Health

Many people who are fully aware of the health-giving properties of Kruschen Salts have not yet heard of the wonderful effect these Salts have in reducing unhealthy, excess fat. By their gentle action on the liver, kidneys and bowels they urge these organs to throw off poisonous waste matters, which, if allowed to accumulate, form fatty deposits in the body. Read how this woman lost fat and gained health:

"I have taken Kruschen Salts every day for nearly a year, and I have not felt so well for many years. My weight has dropped from 163 lbs. to 140 lbs. All my acquaintances say how much younger and better I look. I feel bright and well, whereas before I was always nervous and tired."

Try taking Kruschen Salts every morning in a glass of hot water before breakfast. Little by little the unhealthy accumulations of fat will slowly but surely disappear. A new feeling of health and vitality will follow—the years will fall away as your form takes on the slender lines of youth.

LISTED BOND MART STEADY AND QUIET

NEW YORK, June 14.—The course of the listed bond market today was quiet and steady. Only a few investment issues showed any inclination to rise in price, and fluctuations were within narrow limits. Convertible issues were irregular, and foreign bonds quiet and firm.

New York Central 5s, Nickel Plate 5 1-2s, Southern Pacific 4s and Southern Railway 4s tended higher. Utah Power 5s, and International Telephone 5s were firm, but little interest was displayed in the rest of the utility group.

Trading in the new German Government 5 1-2s was extensive in volume, at slightly lower prices, with the highest in the early trading, only 1-4 above the offering price of 90. French 7s and 7 1-2s were firm. Other European issues were quiet.

United States Governments were dull and eased slightly.

LEADERS OF CARAVAN CONFIDENT

Mr. E. W. Sawyer, Representing U.S. Department of Interior, Praises New Highway

SAYS MOTORISTS WANT NEW ROUTES

VANCOUVER, June 14.—Speaking most enthusiastically of the possibilities of a highway through British Columbia to Alaska, Hon. Ernest Walker Sawyer, Assistant to the Secretary of the Interior of United States, last night declared that, in his opinion, the United States was willing to co-operate in any way possible with British Columbia in bringing about construction of the road. Mr. Sawyer was speaking in reply to a welcome extended by Premier Tominie to the United States members of the caravan, which is making the journey from Vancouver to Alaska.

WANT NEW ROUTES

In further discussion of the subject Mr. Sawyer said that motorists in the republic had for years crossed and recrossed the continent, and were now seeking for new routes of travel to the northward. He pictured a flood of travel through this Province in the future, and expressed his conviction that the dream of today would be realized within the next half-dozen years.

WELCOMES AMERICANS

In welcoming the United States party, Premier Tominie pointed out the project was one that he hoped to see accomplished. At present close study was made of the feasibility of various routes to the north, and when reports and complete data were available consideration would be given of the cost. He pointed out that the highway needs of the rest of British Columbia must not be jeopardized, but he was confident that history would in a measure be repeated. He recalled how it was predicted half a century ago that it was impossible to build a railway across the continent to complete Confederation. At that time it was stated by prominent men in the East that such a project would bankrupt the nation if attempted.

CALIFORNIANS' INTEREST

Mr. D. C. Mitchell, a representative of the Automobile Club of Southern California, which has a membership of 137,800 motorists, stated that the presence of himself and Mr. G. M. Duckworth with the party was an evidence of the deep interest of the people of Southern California in the proposed highway. They hoped to see the road ultimately extended southward as well as northward, and already great interest was being shown in the plan by Mexico and South American countries.

MAJOR ELLIOTT

Major Malcolm Elliott, president of the Alaskan Road Commission, told of the eagerness of Alaska for the completion of the highway. At the present time, except by boat to coastal ports, the territory resembled a great island that could not be properly developed until it was connected by land communication and transport with the more densely-settled portions of the continent. The resources of the interior of Alaska, he was confident, would induce a large volume of travel over the road.

"Do you ever agree with your wife?"

"I did once, when our house was burned down and we both tried to get out first at the door!"

Veterans' Corner

The postponed monthly general meeting of the Pro Patria Branch, Canadian Legion of the B.E.L., will take place on Tuesday at 8 o'clock in the auditorium of the club, 625 Courtney Street. Reports will be given by the delegates to the provincial convention, recently held at Nelson. A full attendance of members is requested.

Meeting Postponed

The Conservative rooms, Campbell Building, being required for the nominating convention for the Federal seat next Wednesday, necessitates the postponement of the McTominie Club (Incorporated) regular monthly meeting until Wednesday, June 25, when Mr. R. T. Williams will address the club on the Seymour Narrows bridge. Mr. Williams has some very fine pictures of that part of the country which he will use in illustration, and a cordial invitation is extended to the general public.

Never Before Have You Been Offered Such Value in

ICE REFRIGERATORS

A MONTH ago we received a carload of ICE SERVICE REFRIGERATORS, and in a few days almost the entire shipment was sold. Never before had the women of Victoria been offered refrigerators of this quality at prices so low. ICE SERVICE REFRIGERATORS are designed by ice refrigeration experts. They are insulated with 1-inch and 1½-inch corkboard. Cabinets are of selected ash or baked enamel steel with all-porcelain linings. No refrigerator you can buy . . . at any price . . . is more beautifully finished or more efficient in its operation.

The thick corkboard insulation insures utmost ice economy and temperature constantly below the danger point of 50 degrees. Arrangement of the ice chamber at one side permits constant circulation of air. This is an exceedingly important feature in the proper preservation of food. The circulating current of air is moist . . . food is not "dried out" . . . and all odors are eliminated through the waste-pipe as the ice cake gradually melts.

Get an Ice Service Refrigerator on Ten Days' Free Trial!

A SECOND carload of these refrigerators has now arrived. Visit our showrooms and see the many beautiful models of Ice Service Refrigerators. See the interior construction of thick corkboard and porcelain enamel. Your own judgment will tell you they are built by refrigeration specialists, and that they will prove economical and efficient.

But you can prove this to your entire satisfaction by having one in your home on TEN DAYS' FREE TRIAL. We will keep it supplied with ice without charge. If you have an old refrigerator we will accept it as part payment. A deferred payment plan is also offered for your convenience. Prices of ICE SERVICE REFRIGERATORS are from

Calgary Oil News

CALGARY, June 14.—Mercury blew in with 18,000,000 cubic feet of very wet gas. All tools are out of the hole.

Homestead, after experiencing a bit of trouble with lost bits, decided to shoot the well. It was learned from an authentic source this morning that the well had been shot yesterday with nitroglycerine. According to Mr. Cassell, managing director of Homestead, the well is now standing at a depth of 4,530 feet and has returned to production with

an estimated flow of 175 barrels per day. Plans are being considered for deepening the well with a view to further production. It is stated that the production is being obtained from an entirely new formation in Turner Valley.

Okalta No. 3 reached time at less than 4,800 feet and is drilling into formation before running six-inch casing. They had the usual small flow of gas from the top of lime. This is the second Okalta well to hit the lime in two weeks. No. 3 is running diamond drill to drill on from about forty feet in the formation.

Mercury No. 2 will be shot with nitroglycerine in several days. The well is at 300 feet in the lime and showing a small gas flow. No. 3 cleared hole yesterday and is showing substantial gas flow. Measurement early in the day was between fourteen and fifteen million cubic feet. Gas increased later and continued to increase throughout the day, blowing formation from the hole. Operators hope to hook up separator some time during the week-end. No. 5 is drilling in Dakotas at 3,790 feet. Spooner No. 4 is drilling near the Dakotas at 2,460 feet.

Eastcrest No. 1 finished running five-inch casing to bottom at 4,330 feet, thirty-seven feet in the lime. Recent operations and adjustments at well have caused some loss of original lime hole, but well is expected to be in good shape after casing is cemented. Cementing will be done in a day or two and then ten days allowed for the substance to harden. No. 2 "A" is drilling at 3,270 feet. Southwest Pete has about eight million cubic feet of gas. Home No. 4 is drilling at 104 feet in lime at 4,584 feet. No. 6 is drilling

at 3,235 feet. No. 7 is standing cemented at 1,999 feet. Advance No. 5 "A" is drilling out cement at 6,032 feet. Dalhousie No. 7 is making up drill rods and circulating. Forty-eight feet in time at 5,048 feet. Baitas has been delayed in second shooting of well in loss of shooting line. Crew fishing for line. Election Show Little Interest in Provincial Test—Speakers Battle Elements to Fill Engagements

EDMONTON, June 14.—Battling elements to fulfill speaking engagements, candidates in Alberta's provincial election ploughed through mud and water to reach country

meetings in the province the last two nights. In Edmonton the almost total lack of interest which has characterized the campaign so far was again evident when six meetings held by Liberal and Conservative candidates had a total audience of less than seventy-five. It is generally conceded that unless some startling development occurs in the few days remaining before the election, the vote polled will be among the lightest on record. Jumping at conclusions is about the only mental exercise some people take

ST. JOHN'S CHURCH PREPARING FOR BASKET PICNIC

COLWOOD, June 14.—St. John's Church committee held a meeting at the vicarage on Thursday evening. The Rev. A. L. Nixon presided. Parish matters were discussed, and plans made for the Sunday school and basket picnic to be held at Witty's Lagoon on Saturday, July 19. A combined harvest supper will be held in September. ROTARY MARKS FIRST JUBILEE

CHICAGO WILL BE SCENE OF GREAT INTERNATIONAL REJOICING

Celebrates in Great Gathering Twenty-Five Years of Service to Public

CHICAGO, June 14.—Celebration of the twenty-fifth anniversary of the organization of the first Rotary Club, in Chicago in 1905, is drawing to the birthplace of Rotary 20,000 Rotarians and members of their families from more than sixty countries.

In these twenty-five years, Rotary Clubs have been formed in almost every corner of the world. There are now 3,325 clubs, with 153,000 members, leaders in business and professional life in their communities.

The activities of the Silver Anniversary Convention of Rotary are arranged in three major divisions. The world-wide scope of Rotary and its international development are dramatically presented on the first night, June 23, by an historical review of the spread of Rotary around the world, with all the past international presidents taking part. The international viewpoint is again emphasized by noted speakers at the climax of the convention.

After the formal opening of the convention, the Rotarians will turn their attention to group discussions of business, from their own particular points of view. Each group will be composed of men of the same occupation.

TO STUDY WOOL TRADE
As a new experiment, all the Rotarians in occupations related to the woolen industry, from the sheep raiser to the clothing merchant, will meet together to discuss the problems of the entire industry. The third business conference will be composed of five representatives of each country. These men will discuss international commercial relations, such as the difficulties of exchange, tariffs, different standards of business practices, and so on.

Then, the convention will transform itself into a "community service clinic" for the presentation of experiences familiar to most communities, like federated community service funds, work with crippled children, rural-urban acquaintance promotion, student loan funds, prison visitation, and boy and girl life surveys. Reports on these activities will be given by representatives of clubs in many countries.

INTERNATIONAL AFFAIRS
After the craft and community service discussions, the convention will revert to the field of international relations. Three widely-known men in public life will present addresses at these sessions. Sir Henry W. Thornton, president of the Canadian National Railways, will talk on the importance of commerce and industry in international relations.

Prince Iyosato Tokugawa, president of the Japanese House of Peers, president of the Japanese Red Cross, president of the American-Japan Society, president of the League of Nations Association, and of many other important public organizations in Japan, will speak to the convention in the name of the Japanese Government. His daughter recently married the brother of the Japanese emperor, and his son is Japan's first Minister to Canada.

Admiral Mark Kerr, of London, has for the subject of his address at the closing session of the convention, "The Interdependence of Nations."

SOCIAL PROGRAMME
These are the highlights in the service side of the convention programme, which will be lightened by social events and entertainments for which Chicago has abundant resources. The prelude to the pageant of May evening will be a musical programme by the Chicago Civic Opera Company Orchestra, the Swedish Choral Club, the Century of Progress (World's Fair) Band, the Welsh Imperial Singers and a special chorus of voices from Chicago school. The members of this choir will also act as heralds to escort to the stage the past presidents of Rotary International, representing the Rotary clubs and the countries in which Rotary clubs were formed during each president's administration.

INTERNATIONAL DINNERS
Tuesday evening will be devoted to international, state and district dinners. Several of the state delegations are bringing the state Governor and his wife with them. Among the Governors coming are Governor Meyers V. Cooper, of Ohio, and Governor Louis L. Emmerson, of Illinois, both of whom are Rotarians. Plans for a banquet of about 300 have been made for the Spanish-Portuguese speaking group, one of the most colorful events of the convention. The British Empire Dinner, another great international gathering, will be held Wednesday night to avoid conflict with district dinners, which include Canadian Rotarians.

The president's reception and ball on Wednesday evening, the major social affair of the convention, will be held in the stadium, like the other general events. Again the Century of Progress Band will provide the music, accompanied by the big pipe organ of the stadium. The terrace arena of the stadium offers the most spacious and suitable ballroom floor that Rotary conventions have enjoyed in years.

The last night of the convention, the Chicago Rotarians will provide entertainment in the form of a Venetian carnival—an aquatic display illuminated by fire-works. This will be staged in the Chicago harbor off Navy Pier. The sheds and roadways of the pier, three-quarters of a mile long, offer an immense grandstand from which to view the parade of electrically-illuminated boats of all kinds which will compete for valuable prizes.

From a fleet of huge barges, anchored on the lee side of the pier, and from the breakwater which forms the harbor, brilliant pyrotechnical displays visible for many miles, will illuminate the scene.

FOR VISITING LADIES
Besides these general entertainment features, there will be many

separate programmes, such as golf tournaments for the men, trips through the city and teas for the ladies. The Women's Symphony Orchestra, one of the few in this country, will give an entertainment for the visiting ladies Thursday afternoon, at which two well-known concert artists will sing. One of the numerous golf courses around Chicago has been tendered for the two convention golf tournaments, which will be held Tuesday and Wednesday. One tournament will be for teams of two with handicaps of fourteen strokes or less and the other for teams of two with handicaps of fifteen or over. Members of the teams must be from the same Rotary club.

Resolutions and legislation of the organization to be considered by the voting delegates include a proposal by the Rotary Clubs of Pittsburgh and Philadelphia to provide for a "past service membership" at the discretion of each club, to retain as members those who retire from business. Under the present constitution, each Rotarian must be an active business or professional man, and retirement means termination of membership.

CORDIAL WELCOME
Despite its size, Chicago has taken a definite interest in the Rotary Silver Anniversary Convention. Directors of the People's Gas Company have tendered the use of the ground floor of their magnificent Michigan Boulevard skyscraper for use as registration headquarters from Saturday to Tuesday and later as needed. Directors of the principal parks have set out flower beds in the form of the Rotary emblem, and the beautiful Buckingham Fountain in downtown Grant Park will be turned on every night in honor of the visitors instead of twice a week.

Members of the seventeen Rotary clubs in the "metropolitan district" have joined forces with the Chicago Rotary Club in the task of welcoming such a tremendous crowd. All highways leading into Chicago are marked with Rotary convention guides, and information booths provided. Each of the six principal railroad stations of the city will have its big welcoming committee.

One of the most elaborate provisions for the comfort and convenience of the visiting Rotarians is the "House of Friendship," an immense lounge in convention headquarters at the Stevens Hotel, decorated to resemble an outdoor garden with real arbor vitae hedges, a fountain, rockery, climbing rose pergolas and real turf bordering the flagstone walks.

The first delegate to start for the convention was Masao Ohta, general counsel of the Manchurian Railways, from Mukden, Manchuria, who started for Australia for the Pacific Rotary Conference on February 12, and landed in this country in May. European delegations include thirty from Italy, fifteen from Czechoslovakia, fifteen from the Netherlands, and a big delegation from the British Isles. The Rotary Club of Madison, Wis., has extended an invitation backed up by Governor Walter J. Kohler, of Wisconsin, a Rotarian himself, to the overseas Rotarians to spend a few days or a few weeks in Madison, so they can really see American life in a typical city. The plan was developed by Dr. Edmund Willemts, secretary of Fondation Universitaire, of Brussels, Belgium, and second vice-president of Rotary International.

"WHERE ARE WE?"
While many of the convention sessions will relate more or less definitely to the Silver Anniversary of Rotary, the principal address reviewing the remarkable development of the Rotary movement in its first quarter-century will be delivered by Harry H. Rogers, a prominent business man, of Tulsa, Okla. He was president of Rotary International at the time of the convention in Ostend, Belgium, which was formally opened by King Albert of the Belgians. The topic of Harry Rogers' address is "After a Quarter of a Century of Rotary—Where Are We?"

MAJOR SMITH NAMED

Major J. Gordon Smith, assistant for a number of years in the Bureau of Provincial Information, has been promoted to the position of director of the bureau to succeed Mr. Bruce A. McKelvie, who has resigned to re-enter the newspaper field. He will commence his new duties July 4.

Hon. W. C. Shelly, Minister of Finance, in announcing the promotion, says it has been made in line with the policy of the Government to foster promotion within the civil service.

Major Smith has had a wide experience in newspaper and journalistic work before entering the service of the Government in 1912. He was for a number of years on the staff of The Colonist, and went for that paper and The London Morning Post to the Russo-Japanese War as special correspondent. He distinguished himself as a war correspondent, and was decorated with the Order of the Rising Sun by the Japanese Emperor.

Prior to coming to British Columbia he was on the editorial staff of The Montreal Herald and The New York Herald.

Major Smith served overseas with the 2nd Battalion, C.E.F., and is now quartermaster of the 16th Canadian Scottish.

Professor of Materia-Medica Proves Sargon's Powers in His Own Case

Improvement Almost Immediate—Results Were So Gratifying He Prescribed It for Both His Wife and Son

DR. HERBERT G. STANALAND, Ph.C., Ph.M.

Chief Consulting Chemist for Atlanta Laboratories, Atlanta, Georgia, and Professor of Materia-Medica in one of Atlanta's leading hospitals. Dr. Stanaland was for years Professor of Materia-Medica in Atlanta College of Pharmacy and is widely known throughout the South.

Exhaustive Chemical Analysis Convinced Him That These Preparations Are Scientifically Compounded of Ingredients of High Therapeutic Value.

In referring to the restoration of his health through the use of Sargon, Dr. Stanaland said: "I suffered from indigestion for some time and had gradually lost weight. My appetite was variable. At times I would eat voraciously. At other times I would have no appetite at all and did not relish my food. My chief symptoms were flatulence, gas forming on my stomach. This was very distressing, as the formation of gas gave rise to heartburn, palpitation and other gastric disorders.

"About this time, my attention was called to Sargon through a business transaction with the firm. Being a pharmacist and chemist I had very little confidence in the ordinary prepared medicine. However, I began taking Sargon and immediately began to improve. After the first few doses, my improvement was so marked that I began to look into its therapeutic value. To my surprise I found Sargon and Sargon Soft Mass Pills to be formulae scientifically compounded of ingredi-

ents which are designed to readily overcome the conditions from which I was suffering.

"I was especially impressed with the Sargon Soft Mass Pills. I have always suffered some with constipation and I find that these pills relieve that condition with a minimum of discomfort.

"To the physician or scientific man, it is now known that a continuous flow of bile through the alimentary tract will insure proper digestion and assimilation of food and at the same time prevent waste matter from logging lower intestines. Sargon Soft Mass Pills fill this need for me exactly.

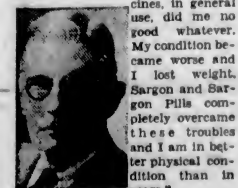

"I was so impressed with the beneficial effects of Sargon and Sargon Soft Mass Pills that I insisted that my wife and son both begin taking them immediately. The results in both cases were most gratifying.

"I want to repeat that the improvement in my own case was really remarkable. As a result of the treatment, I have already gained six pounds in weight and have just started to gain.

"I take great pleasure in heartily recommending the Sargon treatment for anyone who is run down, has poor appetite, suffers with indigestion, flatulence, constipation and all that train of disorders which usually attend improper assimilation and elimination."

San Francisco Physician Tells of His Experience

Dr. Gilbert S. Lambert, of San Francisco, says: "I was troubled with a bad form of constipation and my food did not digest or assimilate. Ordinary medicines, in general use, did me no good whatever. My condition became worse and I lost weight. Sargon and Sargon Soft Mass Pills completely overcame these troubles and I am in better physical condition than in years."

SARGON DRIVES OUT POISONOUS 'TOXINS' OF CONSTIPATION

Helps you enjoy a keen hearty appetite. As Sargon and Sargon Soft Mass Pills clear the system of poisonous toxins due to poor elimination; restless nights give way to sound, refreshing sleep; cheeks take on that ruddy glow of health and the entire system is strengthened and invigorated.

New York Nurse Says Sargon Acts On Entire System

Miss Edna Wannenburg, Trained Nurse, 112 E. 81st St., New York City, says: "I suffered terribly from constipation, sick headaches and dizzy spells. I was dreadfully nervous and never slept well. Nothing helped me until I took Sargon and Sargon Soft Mass Pills. These wonderful medicines toned up my entire system and brought me restful sleep and abundant energy."

Sargon is sold with the distinct understanding that if, after you have taken, the sixth pleasant spoonful, together with a corresponding dose of Sargon Soft Mass Pills, you do not feel that you are being greatly benefited—you may return the unused portions of each bottle to your Sargon dealer and he will refund the full purchase price. Sargon may be obtained at all Out Drug Stores in Victoria and Vancouver, and New Drug Company at New Westminster.

Homes of Beauty & Comfort

Victoria Planned To Provide Full Domestic Comfort

Square Outline Assures Economy in Space and Materials, While Exterior Is Broken With Sweeping Roof Lines—Is Economical in Space and Material for Construction

Is Brick-Veneered House Possessing Five Rooms

WHILE the exterior architectural lines of the Victoria give that rambling, comfortable look that speaks of disjointed floor layout, a study of the floor plans reveals that the general outline of the house is square—sure sign of economy in space and materials. The exterior of the Victoria is pleasing, the sweeping roof lines, the arched entrance, the commodious side porch and the white-trimmed bay window all are attractive. The Victoria is a brick-veneered

home with five rooms, a bath and porch. The main rooms of the house are large and spacious, and are arranged to secure comfort and convenience.

ROOM LAYOUT IS RIGHT
No matter how attractive the exterior of a house may be, its true worth is revealed in its interior arrangement. Here is the true test of livability. Is the home comfortable, well arranged, a dwelling place that contains the feeling of home and an atmosphere of comfort? Then the plans are right.

The plans of the Victoria give this to a marked degree. The house has proven its worth in actual tests, for the Victoria has been built. It is not a fanciful creation, but a real home.

This pleasant dwelling is so laid out that the cost of building is relatively low. It is economical of space and material. While the cost of a house depends upon the locality, the labor conditions and the materials, this house can easily be built by the family in moderate circumstances.

ENTRANCE EFFECTIVE
The entrance to the Victoria is through an arched doorway, faced by native stone. The use of stone trim at the door sets off delightfully the brick veneer which forms the siding of the house. The small stoop at the entrance is also of brick.

Within is the living-room, with a staircase running upward along the left wall. The living-room is twenty-one feet nine inches long and twelve feet nine inches wide, large enough so that the staircase is not conspicuous and does not dominate the room. Between two doors, one leading to the kitchen, the other to the dining-room, is a brick fireplace with a narrow mantel.

French doors separate the living-room from the pleasant porch at the side of the house. During the summer months this porch is screened in, thus providing a cool lounging place for the family. Here also may be served evening meals.

SMALL DINING-ROOM BEST
The dining-room immediately behind the living-room is small, being only eleven feet wide by twelve feet nine inches long. This room is large enough to hold a dining table, buffet and chairs. A large dining-room, being used but three hours out of the twenty-four, is not an economy; the smaller room is always better construction, as this arrangement keeps as low as possible the space devoted to this brief function.

The side wall of the room is provided with three outswinging casement windows, while the rear wall contains two double hung sash. Cross ventilation is assured, making the room cool during the summer months.

KITCHEN WELL ARRANGED
A swinging door permits entrance to the kitchen from the dining-room. Here is a conveniently arranged room with two built-in cupboards ample enough to provide space for the kitchen utensils.

The kitchen sink, with its apron front, is located under the broad double hung window in the rear wall. The work table at the side is lighted by another window, and an electric light in a side wall bracket has been placed overhead. This room is provided with electrical outlets and a built-in ironing board, which is hidden in a recess in the wall when not in use. The service entry off the kitchen leads the way outside and down to the basement.

TWO CHAMBERS
Two sleeping rooms and a bath comprise the floor space on the second floor of the Victoria. Of special interest is the master's room, which is seventeen feet by thirteen feet in dimensions. This chamber is provided with two closets, and the same storage conveniences are found in the second chamber on this floor. Cross ventilation is furnished each room through the use of double hung windows on two sides. Side wall brackets as well as a centre ceiling light are a source of artificial illumination.

The bathroom is conveniently situated with reference to the two sleeping chambers. It contains a linen closet, large enough to hold the family supply of towels and bed linens. An electric light is over the medicine cabinet and another hangs from the centre of the ceiling. A built-in tub is placed in a recess in the wall. The rest of the fixtures are modern in design.

LAUNDRY IN BASEMENT
The laundry, with its built-in tubs, occupies one corner of the basement, which is large enough to

be used as a drying-room during inclement weather.

The heating plant is located near the foot of the stairs leading from above. Beside it is the water tank. The fuel bin is in one corner of the basement. The back door is so situated that it is only one step to the fire door of the furnace.

The basement contains a number of electric lights and two electric outlets.

Enameled Finish More Expensive Than Staining

Whether stained or enameled woods are used for interior finish will depend largely on the room and the interior decorative scheme. Assuming that the same kind of wood is used for the finish, enameling is more expensive than staining, on account of the extra labor and materials required.

Often the kitchen and bathroom finish is enameled, as these rooms require frequent cleaning. A damp cloth may be run over enamel when the cleaning without any danger of the material being removed.

NEW EDITION OF CODE ISSUED

Uniform Building System Adopted in Seventy-Seven Communities

SEATTLE, June 14.—Keen interest in the publication of the Uniform Building Code, 1930 edition, is being evinced by municipalities and all branches of the building industry. The code, which is the third edition prepared and published by the Pacific Coast Building Officials' Conference, came off the press last week and copies are now being distributed. It was announced by Mr. H. E. Plummer, president of the conference. Mainly the same as the 1927 or next previous edition, the 1930 edition brings the Uniform Building Code thoroughly up to date through the inclusion of recently-voted changes.

Through adoption of the Uniform Building Code, seventy-seven cities and towns are now enjoying economies of construction resulting from simplified building practices. The cost of buildings is kept as low as is consistent with safety, at the

same time preventing the construction of hazardous buildings such as are all too common under antiquated or hastily assembled building codes. Not only are savings apparent in the first cost of buildings, but the greater protection provided for occupants and contents of buildings results in lowered insurance rates, according to President Plummer.

A seaside visitor narrowly escaped walking over a concealed precipice. Naturally he was very angry, and when he saw a man walking near the spot he thought he would have a few words with him on the subject.

"Do you know, my man," he commenced, "I nearly fell down that precipice? Why on earth don't you have a notice put up?"

"Well, sir," replied the workman, "we put a board once, but nobody fell over, so we took it down again."

Ask No Questions!

By BELDON DUFF

(Copyright, 1929, by North American Newspaper Alliance, Inc.)

CHAPTER XIII

They studied each other—the girl appraisingly; the man, with eager devouring eyes. Annassa at last broke what had become an uncomfortably long pause.

"Who are you?"

"Your stable boy, if you will have me."

"I should have said, what is your name?" She wished he would not look at her so strangely. In a minute she'd be blushing, a provincialism which the members of her set had given up years ago.

"David," he answered, still adhering to that economical, close-clipped phraseology.

"David what?" This was as bad as pulling teeth.

A quiver, sternly suppressed, played about the corners of the wide, pleasant mouth.

"Smith, Jones, Robinson. Take your pick."

"David was a little man."

"But only in comparison with Goliath."

The modernist's way of reading new ideas into the Old Testament. She could not help wondering who this David's Goliath might be, and whether he had already prepared a sling with which to slay him.

"Must you keep up this air of mystery with me? I am willing—eager—to be your friend."

He stopped her.

"Why are you eager to be my friend? After all, what do you know about me?"

Yes, that had been a mistake. She had not meant to go as far as offering friendship to a person she knew so little about. But something in the dark eyes which had never left her face would let her say no. Instead, she found herself murmuring:

"I know that last night you saved my life."

He would not hear that for a reason. A mere matter of being at hand at the right moment. The time, the place, and the man.

"And that you rode my horse, Dracula," she went on, heedless of his protestations, "which gives you two of the first requisites for friendship—resourcefulness and courage."

As an afterthought, "And you've just added another—modesty."

Her tone, rather than her words, seemed to touch him. For the first time the broad shoulders relaxed. An invisible barrier fell away.

"Don't," he begged with disconcerting earnestness. "Don't say you'll be my friend unless you mean it."

No use trying to back out now. But at least the situation should be handled with as light a touch as possible. So:

"The fact that Fate has thrown us together on this ghost-ridden farm establishes a sort of bond. And anyway—here came the lighter touch—'better friends than enemies'."

"Oh," he said shortly. And after a moment, "It was your idea, you know, not mine."

There was an uncomfortable silence, broken by David.

"You've every right in the world to distrust me; and you do. I can see it in your eyes. Admit now you're not quite sure whether I had anything to do with the two murders or not."

Annassa was frank enough to admit that she had had her doubts. Today, since coming to the red barn, to be exact, those doubts had begun to seem ridiculous.

Her companion studied her admiringly.

"Not afraid to face issues, are you?"

"Why should I be? Are you?"

"Lord, I don't know."

He drew a breath through lean nostrils and looked down at her from a height of six feet four inches.

"Whatever brought a girl like you to a place like this?"

Annassa gave more consideration than the question deserved, or so she thought.

"I came to right a wrong."

A look of incredulity was her reward.

"And how are you getting on?"

"Badly," she admitted. "Very badly."

With a sudden savage gesture he planted his clenched fist against the wall.

"Damn it all! Bride's House can't hold its secret forever. It shan't! I'll tear the place apart, shingle by shingle. I'll—"

She put her hand on his arm. Her voice was tense with excitement.

"Then you came on the same errand that brought me?"

Instantly the old air of caution returned.

"What gave you that idea?" And in a troubled tone, "I doubt if I'm wrong that isn't righted on the spot can ever be."

"Oh, so far as that goes," she tried to say easily. "I am beginning to doubt everything, even my ability to escape the fate of my predecessors on this farm."

He caught his breath.

"That's what's been worrying me—gulping out the words as though each one stuck in his throat—ever since you came here."

"Suspicious. This time along a different line."

"You didn't come to spy on me? You're not being paid by someone to scare me away?"

His look of surprise was better than a thousand denials.

"I? Scare you away? Say, listen. Stopping till her face was less than a foot from her own, "I've been so afraid you'd quit I haven't known what to do. Every night I've stood under your window until long after the light went out. And every morning I've been waiting till you made the rounds of the stables, dreading lest you'd gone—wondering if I'd ever see you again. If I—"

He took a determined grip on himself. When he spoke again it was with intentional brusqueness.

"Don't talk rubbish. Of course I'm not being paid. Your barging in last week with all your livestock was a complete surprise. I'd been anticipating an uninterrupted month or two here to work out something for myself."

The mistress of Bride's House thought a moment.

"Well, if we both want to be uninterrupted, and we both want to find out what's going on here, then there's no reason why we can't work together, is there?"

Her companion threw back his head and laughed till the echoes woke in the rotting rafters.

"You're a persistent kid. No, I suppose there isn't any reason why we shouldn't work together. And to show that I'm no niggard when it comes to a bargain, I'm going to let you in on a discovery I made the day before you arrived."

Swiftly, and without a glance to see whether she followed him, the big stranger led the way to the harness room where he paused before the trap door which had first lured her on to the discovery of Otto's dead body. Taking a small flashlight from the pocket of his flannel shirt, he handed it to her, and, stooping, lifted the door by means of the ring imbedded in one of its centre planks. The light made it possible to get down the ladder without mishap, so her guide did not offer to assist her; but when the cellar had been reached, she found a hand stretched out, waiting, and heard a warning:

"Mind you don't trip over anything. The floor's covered with broken glass and rusty nails."

Without further comment they picked their way to the farther corner, where David dropped the fingers which rested on his palm and took over the flashlight.

"Here," he spoke, he was lifting away packing cases, handling their weight and bulk with the ease of a child playing with a set of building bricks. In a moment the wall behind had

been laid bare; and Annassa saw, near the floor, a dark round hole scarcely larger than the top of a hoghead.

"The mouth of a tunnel," announced the giant in a voice which trembled with some strange emotion. "Your stable boy, snooping around these boxes, came upon it. A fairly dangerous discovery. It cost him his life."

Annassa went stooped and peered into the hole.

"Where does it lead to?"

"God knows!"

"You haven't explored it?"

"No."

She stood up.

"You found it last week, and you haven't explored it yet?"

His answer amazed her.

"Go into that rat hole? It's impossible—physically impossible."

The girl measured the opening with a piece of scissoring and then tried it against the wide chest.

"I think you can do it," she said gravely, and waited, her heart thumping, for the answer.

"No."

The heart thumped a little harder.

"Why not?"

Her companion turned the flashlight down so that his face was hidden from her.

"I lied a moment ago. It is not a physical impossibility. It is a mental one. And there is no use asking me what or why, because I do not know myself. If I did I would not be here now, in Bride's House."

GUEST STAR FOR COOKING SCHOOL

Noted Authority on Mary Hale Martin Programme Wednesday Morning at 10:15 o'clock

"We must make of the meal more than an interlude between a game of tennis and a jazz band. A moment of respite between office and club, or school and talkie. In the home that is a home and not a house merely, the renaissance of good cooking is destined to flower."

This is the solution Miss Alice Blinn will offer to the problem.

"How to prevent cooking from becoming a lost art," when, as a guest speaker with Mary Hale Martin, the programme to be broadcast from the lobby model kitchen in Chicago through station KOMO and the National Broadcasting Company's network of affiliated stations.

POULTRY

COLD STORAGE No. 9

By H. G. BROWN, President, Victoria Cold Storage and Terminal Warehouse Company, Limited.

Methods of smoking, salt-curing and pickling have not been found practicable in regard to poultry (as they have with other meats); hence the special value of the cold storage warehouse to the poultryman.

The quality of frozen poultry at certain seasons of the year is actually superior to the fresh product. Young fresh-dressed chickens purchased during the winter and early spring months are of inferior quality, the birds being coarse-meated, and the flesh poorly flavored and tough. A bird of the same size which has been killed and stored in the early fall is much better flavored, is soft-meated, and is tender when cooked.

Experiments made with several hundred chickens in a fresh-dressed chicken after two days' holding in the housewife's ice box than there was in a properly prepared cold storage chicken that had been frozen for eight months; in fact, if the poultry is not held at a temperature below forty degrees F., greater deterioration can take place in the short time from the producer to the consumer, than would take place in eight months in the freezer.

Poultry can be stored for a period of nine to twelve months without any appreciable loss in flavor, and for a much longer period still without loss in food value or wholesomeness. The most experienced poultryman will find difficulty in detecting the difference between fresh-dressed poultry, and that which has been cold-stored five or six months.

Poultry is stored at a temperature of 0 degrees F., or below to ten degrees F. above. The ideal method is to dry-pick, dry cool, and dry-pack at a temperature ranging from thirty degrees F. to thirty-five degrees F. for from eighteen to twenty-four hours, and then to freeze at six degrees F. or below.

John Brown & Company To Build New Cunarder

In connection with the recent announcement by the Cunard Line that it was in communication with certain shipbuilders regarding the construction of a new steamer for its express service between New York, Cherbourg and Southampton, cable advice from the company's head office at Liverpool have been received to the effect that Messrs. John Brown & Company, Clydebank, have been selected as the builders. It was pointed out that, while this in itself was an important decision, certain vital questions, which are at present under consideration, will require to be settled satisfactorily before a contract can be signed and orders placed for materials.

Instead of leading the radio editors "high and dry," as is frequently the case when radio stations make late changes in their schedules. Station WATU announcers at Columbus, Ohio, explain on the air that it is not the fault of the press when the printed announcements and the actual programme do not agree.

If your interest is intrigued by oddities, you will be entertained by KOL's Friday night programme. It is called "Would You Believe It?" and the time is 7:30 p.m.

"Now, boys," said the inspector, "I want you to write an essay on 'What I would do if I had \$5,000.'"

At the end of an hour the papers were collected. One boy, who had sat idle all the time, handed in a blank sheet.

"What's this, my boy?"

"That's what I'd do, sir, if I had \$5,000. Nothing."
